Canadian Literature Index ,1987 **Men on trial** Katie Barclay,2018-11-12 Men on trial explores how the Irish perform the self within the early nineteenth century courtroom and its implications for law society and nation Drawing on new methodologies from the history of emotion as well as theories of performativity and performative space it emphasises that manliness was not simply a cultural ideal but something practised felt and embodied Men on trial explores how gender could be a creative dynamic in productions of power Targeted at scholars in Irish history law and gender studies this book argues that justice was not simply determined through weighing evidence but through weighing men their bodies behaviours and emotions Moreover in a context where the processes of justice were publicised in the press for the nation and the world manliness and its role in the creation of justice became implicated in the making of national identity **The Athenaeum** ,1870 *Athenaeum and Literary Chronicle* James Silk Buckingham,John Sterling,Frederick Denison Maurice,Henry Stebbing,Charles Wentworth Dilke,Thomas Kibble Hervey,William Hepworth Dixon,Norman Maccoll,Vernon Horace Rendall,John Middleton Murry,1870 **Arts & Humanities Citation Index** ,1995 **Irish Cultures of Travel** Raphaël Ingelbien,2016-05-13 This book analyses travel texts aimed at the emergent Irish middle classes in the long nineteenth century Unlike travel writing about Ireland Irish travel writing about foreign spaces has been under researched Drawing on a wide range of neglected material and focusing on selected European destinations this study draws out the distinctive features of an Irish corpus that often subverts dominant trends in Anglo Saxon travel writing As it charts Irish participation in a new mass tourism it shows how that participation led to heated ideological debates in Victorian and Edwardian Irish print culture Those debates culminate in James Joyce s *The Dead* which is here re read through new discursive contextualizations This book sheds new light on middle class culture in pre independence Ireland and on Ireland s relation to Europe The methodology used to define its Irish corpus also makes innovative contributions to the study of travel writing **Irish Builder and Engineer** ,1884 **The American Humanities Index** Stephen H. Goode,1998 *The Catholic Encyclopedia* ,1913 **The Catholic Encyclopedia** Charles George Herbermann,Edward Aloysius Pace,Condé Benoist Pallen,Thomas Joseph Shahan,John Joseph Wynne,Andrew Alphonsus MacErlean,1911 **The Catholic Encyclopedia: New Mexico-Philip** ,1911 **The Catholic Encyclopedia** Charles Herbermann,1911 **Canadian Art** ,2004 **Urban Patronage and Social Authority** Lindsay J. Proudfoot,1995 While scholars traditionally have considered land to be one of the great issues in Irish history towns by contrast have frequently been regarded as the creation of intrusive colonial elites and therefore not fully representative of Irish culture and identity Even today despite the recent reinvigoration of Irish historical writing Irish urban history remains largely neglected by scholars Very few works have explored the causes and consequences of the widespread urban improvement that occurred throughout the country during the eighteenth and nineteenth centuries Here for the first time the traditional historical concerns for landownership and agrarian society are

combined with an analysis of the social and demographic structure and functional role of provincial Irish towns Against the backdrop of the broad economic social and political events affecting all of Ireland Lindsay Proudfoot examines the role played by successive dukes of Devonshire members of one of the wealthiest English aristocratic families with holdings in Ireland in promoting the modernization and redevelopment of the five Irish towns they owned in the period between 1794 and 1891 Proudfoot's work challenges many previously held assumptions about the character of the landowning minority and its role in Ireland's economic social and political history It is demonstrated that contrary to what some historians have asserted landlords were not the supreme arbiters of local life in Ireland and that the landlord's choice of action was limited by economic circumstance and local social attitudes and political opinions Proudfoot also shows that the relationship between successive dukes and their tenants was characterized by a surprising degree of tacit collaboration as each party sought to profit from the maintenance of what were essentially mutually beneficial tenurial ties The eventual weakening of these ties owed far more to national events than to any inherent contradictions in the landlord tenant relationship itself Urban Patronage opens up new avenues of approach to the study of urban estates in Ireland and in so doing tests and challenges many accepted notions about the actions and motivations of Irish landlords Because it adds significantly to our understanding of the role and influence of the landed aristocracy in the urban communities of eighteenth and nineteenth century Ireland it will be of particular interest to scholars and advanced students specializing in Irish history cultural studies or historical geography Lindsay Proudfoot is reader in geography at Queen's University Belfast where he has taught since 1977 He has published extensively in the field of Irish historical geography and is the coeditor of *An Historical Geography of Ireland* 1993 **The Big Issue, Cape Town**, 2005 Common Ground William J. Smyth, Kevin Whelan, Thomas Jones Hughes, 1988 **British Book News**, 1981 **Kaapse bibliotekaris**, 2014 Issues for Nov 1957 include section Accessions Aanwinste Sept 1957
