American Forces Information Service,1979      *Code of the U.S. Fighting Force* ,1988      *Who Will Fight the Next War?* Martin Binkin,2010-12-01 The Persian Gulf conflict was the first major combat test for U S military forces since the nation ended conscription two decades ago As hundreds of thousands of American troops were dispatched to the Middle East the nation realized seemingly for the first time that the composition of its armed forces was far removed from any that the nation had previously sent to war The deployment of unprecedented proportions of minorities and women and the prominent role of reserves and national guard troops aroused considerable interest widespread debate and some worry The prospect that African Americans could bear a disproportionate share of military casualties generated a socially diverse debate that threatened to reopen old racial scars the reality that American women were exposed to perils from which by long and deep tradition they had previously been shielded inspired calls for them to be admitted to combat specialties and controversy surrounding the readiness of the Army s combat reserves led to an internecine struggle over the future shape of the U S Army In this book Martin Binkin addresses each of these issues in order to provide a better understanding of the composition of America s fighting forces to prompt an assessment of attitudes toward who should fight in future wars and to delineate the choices for influencing the social distribution of peril Binkin argues that the time for public involvement is now while the memories of the Persian Gulf conflict are still reasonably fresh and while a fundamental rethinking of the post cold war military is under way      **Journal of the United States Artillery** ,1945      **America** ,1926      **US Special Ops** Fred Pushies,2016-07-01 It s the inside scoop on US military special operations From weapons gear missions and commandos learn every military secret from the eighteenth century to today Few aspects of the US military pique people s interest more than special ops Due to the clandestine nature of their missions weapons and gear these elite fighting forces are cloaked in an aura of intrigue that has only ratcheted upward with the expanded roles they have assumed in today s world not to mention their recent and frequent appearances in film books and other mass media In US Special Ops longtime military author and special ops expert Fred Pushies takes on the entire scope of America s elite fighting forces beginning with their earliest days Pushies profiles hundreds of weapons gear vehicles missions and commandos from eighteenth century fighters like Francis Marion right up through the most advanced capabilities of today s Green Berets Rangers SEALs Marine Force Recon US Air Force combat controllers CIA Special Activities Division and more well over 350 entries in all From the tomahawks used by Rogers s Rangers to special ops legends like Col Aaron Bank to Operation Neptune Spear and beyond US Special Ops is a comprehensive informative and unique survey of all aspects of US special operations past and present      **World Chancelleries** Edward Price Bell,1926      *McClure's Magazine* ,1918      **Douglas Airview** ,1942      **Field Service Regulations, United States Army, ...** ,1914      **American Medicine** ,1919      **Army** ,2005      *Our Military Requirements.
