Whatever You Resolve To Be:

Whatever You Resolve to Be A. Wilson Greene, 2005 When A Wilson Greene released his respected *Whatever You Resolve to Be* Essays on Stonewall Jackson in 1992 he little realized the interest in the popular Southern general that would explode in its wake In recent years Jackson has been the subject of biographies military studies and a major motion picture *Gods and Generals* Interpretations and perceptions of Jackson have changed as a result In response to this interest Greene s outstanding look at Stonewall Jackson is once again available *Whatever You Resolve to Be* contains five essays exploring both the personal and the military sides of the legendary military leader A new introductory essay by Greene is also included In that introduction Greene surveys the research on Jackson that followed the initial release of his book He includes his frank observations about how this recent scholarship has both vindicated and sometimes called into question his original assertions about the general He also discusses the depiction of Jackson in *Gods and Generals* The essays cover three primary topics Jackson s life his gifts and flaws as a military commander and his performance in three battles the Seven Days Second Manassas and Fredericksburg Greene s portrayal is a balanced extensively researched study of this most praised of Civil War heroes *Whatever You Resolve to Be* remains as relevant today as when it was first published Greene stays primarily true to his original observations on the general despite new revisionist interpretations For scholars and non scholars alike this book should be the starting point for any understanding of Stonewall Jackson

Whatever You Resolve to Be A. Wilson Greene, 1992 Will Greene s several essays in this book offer a fresh synopsis of the general in summary in three of his most important campaigns These gracefully written studies of slices of Jackson s history before during the war will bring the reader in close contact with one of the most fascinating Americans of the Civil War era in fact of all of our national past Robert K Krick author as well as Chief Historian of the Fredericksburg Spotsylvania National Military Park Stonewall Jackson remains one of the most compelling figures of the Civil War Wilson Greene s closely argued essays underscore Jackson s enduring potential as a subject for serious study make the case for the general s claim to a position in the first rank of American soldiers They should find an eager readership among students of Confederate military biography of operations in the Eastern Theater during the first two years of the Civil War Gary W Gallagher author as well as Head of the Department of History at Pennsylvania State University To order contact Butternut Blue 3411 Northwind Rd Baltimore MD 21234 Phone 410 256 9220 after 3 15 EST

The Society of Virtue: Thirteen Character Virtues That Can Change Your Life Timothy Yordy, 2012 When one considers Benjamin Franklin many thoughts may come to mind He was an accomplished inventor entrepreneur politician writer firefighter and librarian You may not have even been aware of those last two Yes Ben Franklin was largely responsible for organizing Philadelphia s volunteer fire department and for being the forerunner of the public library system that is still used by millions today These are just a handful of things that we know about Franklin from his public life The legacy he left behind stretches on through time more than 200 years after his death and that legacy will

continue on into the future with nothing to stand in its way except for the dilution of memories through time itself What do we know about Franklin's private life though When a person has lived their life in such a public manner as he did it is easy to assume that public and private are one and the same This is almost never the case in life however and it is equally true of Ben Franklin In recent years there has been an effort by some historians to try and tie Franklin to occult practices and strange secret societies The evidence for these accusations are extremely thin however and aren't corroborated by contemporary accounts Whether there is any truth to the matter is something that is difficult to discern with any amount of confidence more than 200 years removed from the life of Ben Franklin There is one undeniable link to a secret society in his life and that is that he was involved in the Freemasons There was another secret society however that Franklin wanted to create and that is what this book examines in detail *Twenty-One Truths About Love* Matthew Dicks,2019-11-19 From the beloved author of *Memoirs of an Imaginary Friend* comes a wonderful new novel about a struggling man written entirely in lists Daniel Mayrock's life is at a crossroads He knows the following to be true 1 He loves his wife Jill more than anything 2 He only regrets quitting his job and opening a bookshop a little maybe more than a little 3 Jill is ready to have a baby 4 The bookshop isn't doing well Financial crisis is imminent Dan doesn't know how to fix it 5 Dan hasn't told Jill about their financial trouble 6 Then Jill gets pregnant This heartfelt story is about the lengths one man will go to and the risks he will take to save his family But Dan doesn't just want to save his failing bookstore and his family's finances 1 Dan wants to do something special 2 He's a man who is tired of feeling ordinary 3 He's sick of feeling like a failure 4 He doesn't want to live in the shadow of his wife's deceased first husband Dan is also an obsessive list maker his story unfolds entirely in his lists which are brimming with Dan's hilarious sense of humor unique world view and deeply personal thoughts When read in full his lists paint a picture of a man struggling to be a man a man who has reached a point where he's willing to do anything for the love and soon to be new love of his life [The Relationship Edge](#) Jerry Acuff,2010-12-28 Get the relationship edge The Relationship Edge shows you exactly how to build valuable business relationships with people you don't naturally connect with It presents a straightforward three step process that is easy to apply to your work and business Jerry Acuff provides real world principles for developing strong and lasting personal relationships with the key people in your business life helping you become more effective and persuasive while maintaining meaningful truthful dialogues with those around you Acuff shows how the more truthful and direct you are with customers and colleagues the more truthful they'll be with you and the more likely you are to find meaningful solutions to the business challenges you share This revised edition includes new information on building and leveraging healthy business relationships especially how to maintain them over the long term With real case studies and step by step guidance The Relationship Edge offers the tools and advice you need to develop strong rewarding relationships with customers coworkers and managers With practical concrete information on the mechanics of interpersonal relationships in the business world you'll be well on your way to doing business better and more productively A great
