## Witchcraft Dialogues:

*A Dialogue Concerning Witches & Witchcrafts* George Gifford, 1842      *A Dialogue Concerning Witches and Witchcrafts*  
George Gifford, 2007 Scholarly reprint of a classic sixteenth century treatise on witchcraft      *Witchcraft Dialogues* George  
C. Bond, Diane M. Ciekawy, 2001 *Witchcraft Dialogues* analyzes the complex manner in which human beings construct  
experience and think about the occult It brings together anthropologists philosophers and sociologists from diverse social  
and cultural backgrounds to engage the metaphysical properties of witchcraft and sorcery and to explore their  
manifestations in people's lived experiences While many Africanist scholars shun the analysis of witchcraft as an appropriate  
domain of investigation the experiences thoughts activities and powers that witchcraft encompasses have become  
increasingly the source of interest and debate Concepts of witchcraft and the phenomena to which they are applied express  
something fundamental to the human condition and have their equation in the logic of other human practices such as racism  
and its various crafts Thus the focus on witchcraft is not just a concern with the occult but a manifestation of the  
convergence of interest in mediating and transcending disciplinary domains The contributors to this volume embrace the  
challenge of exploring witchcraft as a mode of experiencing and explaining human circumstances as well as confronting the  
limitations of their own intellectual traditions and paradigms The range of their explorations takes us in new directions  
making use not only of their academic training but also of their personal experiences to reframe the conceptual terrain of the  
occult and the epistemological orientations of their various academic fields of inquiry      *WITCHES, WESTERNERS, AND  
HIV* Alexander Rödlach, 2006-10-15 A witch's curse an imperialist conspiracy a racist plot Alexander Rödlach draws on a  
decade of research and work in Zimbabwe to compare local beliefs about the cause of the HIV AIDS epidemic in Africa and  
the impact of these beliefs on public health and advocacy programs      **The Witch** Ronald Hutton, 2017-08-01 This  
magisterial account explores the fear of witchcraft across the globe from the ancient world to the notorious witch trials of  
early modern Europe The Guardian UK The witch came to prominence and often a painful death in early modern Europe yet  
her origins are much more geographically diverse and historically deep In *The Witch* historian Ronald Hutton sets the  
European witch trials in the widest and deepest possible perspective and traces the major historiographical developments of  
witchcraft Hutton a renowned expert on ancient medieval and modern paganism and witchcraft beliefs combines Anglo  
American and continental scholarly approaches to examine attitudes on witchcraft and the treatment of suspected witches  
across the world including in Africa the Middle East South Asia Australia and the Americas and from ancient pagan times to  
current interpretations His fresh anthropological and ethnographical approach focuses on cultural inheritance and change  
while considering shamanism folk religion the range of witch trials and how the fear of witchcraft might be eradicated A  
panoptic penetrating book Malcolm Gaskill London Review of Books      **A Dialogue Concerning Witches and Witchcrafts**

*Occult in Modern Africa* James Kiernan, 2006 The occult is a framework of ideas and related practices that is drawn upon as a common resource to provide an understanding of how an apparently random world really works Based mainly on experiential research in a range of African societies the essays in this volume examine the relevance of the occult to a variety of social concepts and contexts These studies stress three features of the occult in modern Africa 1 as an explanatory and tactical device it is resilient 2 it is malleable with a capacity to absorb and assimilate new elements 3 it is flexible and adaptable to emerging situations and novel circumstances Of interest to specialists in the fields of religion social science and African studies this book will benefit the general reader interested in the occult and its relevance to modernity and globalisation
