Triple H Making the Game Hunter Hearst Helmsley, Triple H.,Robert Caprio,2004-12-07 Love him or hate him Triple H does what he wants when he wants to do it And now for the first time anywhere he tells you how he does it and how you can too More than a personal account of life in and out of the ring Making The Game Triple H s Approach to a Better Body is Triple H s verbal and visual blueprint for building your body The leader of Evolution discusses how a jones for bodybuilding and a love for wrestling morphed a skinny 135 pound fourteen

year old from Nashua New Hampshire into one of the biggest superstars ever to dominate World Wrestling Entertainment But he warned the Cerebral Assassin has zero tolerance for anything less than a hundred percent effort He spent the past twenty years living by the philosophy that training results in improved strength and conditioning self discipline and an ability to focus on setting goals This book isn't for big mouths who'd rather exercise their egos than their deltoids Of course even Triple H had help along the way He didn't get to be that damn good without the support of a loving family And over the years several bodybuilders including world renowned trainer Charles Glass worked with him to develop the best training regimens Their advice plus hardcore commitment helped Paul Levesque survive The Hard Way In through Walter Killer Kowalski's wrestling school in Malden Massachusetts and go on to become Terra Ryzing within Kowalski's International Wrestling Federation enabled a GUD Geographically UnDesirable to adjust to a difficult life on the road as the French guy in World Championship Wrestling and gave Hunter Hearst Helmsley the self assurance to earn his stripes in WWE and eat something that literally made other people squeal On the subject of food consumption Making The Game imparts tips as essential as exercise is for burning off calories and adding on muscle Triple H spends over two hundred days a year on the road and his traveler's guide will help you find ideal meals even in fast food restaurants He also provides the template for a must have training and meals diary Triple H reveals the dietary plan that he claims stokes his furnace 24/7 the plan he believes is the single biggest element in transforming his physique Nevertheless for a World Champion in WWE it's as the saying goes No pain no gain That's why Making The Game breaks down and demonstrates the split training workout program Triple H has embraced to achieve new levels of success in sculpting his body Between drilling you with reps and sets he relates in painstaking detail how training gave him the inner strength to shoulder the brunt of a controversial Curtain Call in the ring and later to elevate his position with Stone Cold Steve Austin and The Rock as one of the Big Three in WWE Then after breaking a sweat with Triple H reliving the fateful Raw events of May 2001 that left him with a torn quadricep muscle you too can feel The Triple H Burn one of the exercises he endured through nine months of intense physical therapy to repair his leg that had been destroyed and resume a career most considered was Game Over Pain is temporary but The Game is forever Besides offering step by step exercises for both novice bodybuilders and those looking to radically advance their workout Making The Game weighs in on the science behind progressive training resistance and rest pause techniques the significance of exercise form over volume the truth behind achieving six pack abs the dangers of overtraining and skull crushing exercises that risk injury and how creativity can go a long way in your workout Triple H sees it as his mission to provide the guidelines for you to follow in the months and years ahead And if there's one thing he knows how to do it's succeed It's time to stop playing The Game and time to start Making The Game
