Constructing the Anglo-Saxon Chronicles Daniel Anlezark,2025-06-03 Offers insights into sources and inspirations authorship and authorial style and patterns of separation and convergence across versions of the Anglo Saxon Chronicles The Anglo Saxon Chronicle is one of the most important documents to survive from early medieval England Written in Old English it was first created during the reign of King Alfred the Great 871 899 Up to Alfred s reign and then in multiple continuations extending into the twelfth century the Chronicle versions often provide a unique record of events at times reported in the barest style at others with passionate commentary This book is the first to tell the story of how the Chronicles came to be providing a clear but detailed account of the development of its various versions It starts with an examination of the textual and manuscript evidence then explores the work of the two chroniclers first responsible for the Anglo Saxon Chronicle s creation in the late ninth century arguing that the first made a set of annals from disparate sources The author then contends that a later reviser aligned with the Alfredian political programme wrote the annals for Alfred s reign and at the same time also revised earlier entries including the famous story of Cynewulf and Cyneheard This book also sheds new light on the annals of thelred the Unready arguing that Archbishop Wulfstan of York is likely to have authored some these together with some tenth century annals Its final chapter provides the first comprehensive study of all the Chronicles poetry

insight into lived Jewish experience during a pivotal age The volume contextualizes the individual works so that readers from a range of backgrounds can appreciate the formal linguistic exegetical theological and performative creativity of these works Lieber has produced reliable renderings as well as learned and helpful annotations and has consistently expressed herself in clear and elegant fashion Her volume is an important scientific study in its own right as well as a useful reference tool if read alongside the Sokoloff Yahalom edition and certainly deserves a wide readership Stefan C Reif St John s College Cambridge UK in *Journal of Jewish Studies* 70 2 2019 Scholars of Judaism in late antiquity and the early Middle Ages will certainly appreciate Lieber s effort in offering all of this textual material to them in conveniently accessible form Almost every student of Judaism in those eras regardless of academic specialty is likely to find something of interest and value in the poems that she has translated Mose J Bernstein Yeshiva University *Speculum* 95 3 2020

The Freemason's Chronicle ,1889 [A Soldiers' Chronicle of the Hundred Years War](#) Anne Curry,Rémy Ambühl,2022 A remarkable and very important unpublished chronicle written by two soldiers covering in detail the English campaigns in France from 1415 to 1429 It lists many individuals who served in the war and was written specifically for Sir John Fastolf the English commander This previously unpublished chronicle from the mid fifteenth century covers the English wars in France from 1415 to 1429 It is highly unusual in that it was written by two soldiers Peter Basset and Christopher Hanson William Worcester secretary to the English commander Sir John Fastolf also had a hand in it and it was specifically written for Sir John The content is unusual as it includes many lists of individuals serving in the war and records their presence at battles naming more than 700 in all Over half these individuals are French or Scottish so it would seem that the authors had a particularly detailed knowledge of French military participation The narrative is important for the English campaigns in Maine in the 1420s in which Fastolf was heavily involved and which otherwise receive little attention in chronicles written on either side of the Channel The progress of the war is well mapped with around 230 place names mentioned The chronicle was extensively used in the sixteenth century by several heralds and by Edward Hall As a result it had an influence on Shakespeare The death of the earl of Salisbury at Orleans in Henry VI Part I Follows the chronicle closely The Mirror for Magistrates Salisbury narrative is also derived from the chronicle Another point of interest is that the chronicle is by a scribe who can be identified and proves to be the only known fifteenth century account of the war written in England in French which adds an important linguistic dimension to its study
