CONSTRUCTION IN CHINESE POLICE-SUSPECT INVESTIGATIVE INTERVIEWS YUN YAO, 2024-03-11 This study mainly focuses on the reciprocal relationship between language and identity in Chinese police suspect investigative interviews Based on the theory of interpersonal pragmatics it makes a general micro analysis of discursive practices of both police officers and suspects and explores the multiple identities constructed in the interaction Identities constructed by police officers and suspects are not necessarily consistent with their predetermined institutional roles Police officers not only project and construct powerful identities but also intentionally construct their less powerful interactional identities such as helpers interlocutors and listeners Suspects in the investigative interviews also build multifaceted identities such as confessors storytellers or justifiers Various factors such as institutional settings communicative objectives interlocutors epistemics and interpersonal relationships may exert influence on participants identity construction Police officers and suspects may choose or adjust their expressions according to local interactional contexts Their linguistic choice in the interaction will affect the establishment of interpersonal relationship between them and ultimately achieve construction of multiple identities **Navigating the Future** Geraldine Downey, Jacquelynne Eccles, Celina Chatman, 2006-01-12

Psychologists now understand that identity is not fixed but fluid and highly dependent on environment In times of stress conflict or change people often adapt by presenting themselves in different ways and emphasizing different social affiliations

With changing demographics creating more complex social groupings it is important to understand the costs and benefits of the way social groups are categorized and the way individuals understand cope with and employ their varied social identities Navigating the Future edited by Geraldine Downey Jacquelynne Eccles and Celina Chatman answers that call with a wealth of empirical data and expert analysis Navigating the Future focuses on the roles that social identities play in stressful challenging and transitional situations Jason Lawrence Jennifer Crocker and Carol Dweck show how the prospect of being negatively stereotyped can affect the educational success of girls and African Americans making them more cynical about school and less likely to seek help The authors argue that these issues can be mitigated by challenging these students educationally expressing optimism in their abilities and emphasizing that intelligence is not fixed but can be developed The book also looks at the ways in which people employ social identity to their advantage J Nicole Shelton and her co authors use extensive research on adolescents and college students to argue that individuals with strong positive connections to their ethnic group exhibit greater well being and are better able to cope with the negative impact of discrimination Navigating the Future also discusses how the importance and value of social identity depends on context LaRue Allen Yael Bat Chava J Lawrence Aber and Edward Seidman find that the emotional benefit of racial pride for black adolescents is higher in predominantly black neighborhoods than in racially mixed environments Because most people identify with more than one group they must grapple with varied social identities using them to make connections with others overcome adversity and understand themselves Navigating the Future brings together leading researchers in social psychology to understand the complexities of identity in a diverse social world **Studies in Social Identity** Theodore R.
