Resurrection Time and Justification Referencing Karl Barth Wolfhart Pannenberg and Robert Jenson delves into the enigmatic concept of time and its relation to Christian theology with a particular focus on the future s impact on time Rather than attempting to solve the mystery of time this book aims to provide an insightful reflection that will deepen our understanding of time in light of Christian theology The book poses several thought provoking questions such as whether the future is completely shrouded in mystery or whether it provides a glimpse of itself that beckons us toward it Additionally the book explores whether the future retroactively affects the present and how time flows Sang Hoon Lee examines Christian theology s distinct perspective on time which is informed by its doctrines of the resurrection the last event and justification In the process the book explores the concept of retroactivity which is derived from the implications of the resurrection and its power over history and time Ultimately the book seeks to unpack the power of the resurrection over time and history and to assert that Jesus as the risen is the center of history     [Understanding the End Times](#) Rich Chasse,2022-09-02 People are fascinated and sometimes terrified by the subject of the End Times and the book of Revelation The topic can be disturbing For some people it can even be scary There s a lot of misinformation out there There are many teachers playing on the insecurities of people with End Times updates that stir up curiosity or fear taking advantage of many as a result To understand how to approach the study of End Times events we need to ask an important question Are current events pointing to a soon return of Jesus How we answer this question will influence how we view the rest of prophecy It s important to understand what goes into answering this question correctly When you turn on the news and watch events unfold do you sense the tension When you flip through your social media or the internet and look at all the things that are happening does it cause you heartburn or maybe heartache Would you say we are in a unique time in world history So how do you answer the question We ll answer that and more in *Understanding the End Times Are Current Events Pointing to a Soon Return of Jesus*
