St. Albans, 2000 Speaking of Angels is one author s journal of his initial contact with the voice of divine guidance and angelic counsel David St Albans takes the reader on a journey through his life from his first religious experiences through varying crises of faith into the Other Realm of the Spirit which few have been able to describe in layman s terms the profound depths of the True World of God The author s contacts the Angelic group calling themselves Annex provide answers to many of our deepest questions about the meaning of life and the world we live in and the truth about our relationship to the Divine A must read for anyone on a spiritual quest for knowledge and truth **The Secret Language of Angels** Kathy Mursch, 2017-11-01 Angels are God s messengers but sometimes we have difficulty comprehending the messages they bring because we don t understand the languages they use to speak to us We need a Rosetta Stone to decipher them and Kathy Mursch provides us with just that in The Secret Language of Angels In this book she describes the five angel languages feeling seeing hearing knowing and dreams and visions and shows us specifically what to look for in the messages that are being delivered to us at all times In addition to explaining each of the languages Kathy provides brief anecdotes of how each has shown up in her personal communications

with God She also calls on Biblical evidence where certain figures were visited by angels speaking one of these five languages The purpose of this book is to help readers strengthen or reinvigorate their connection to God by giving them the tools to hear God's messages directly from their own angels

Speaking with Angels Iris Paxino,2023-05-15 If you wish to learn you may learn I go now and will come again And yet I am always with you This was the conclusion to a surprising message that psychologist Iris Paxino received from a bright angelic entity who appeared to her unannounced radiating a comforting warmth filled light The angel's words left her awestruck and deeply moved Paxino had long had the gift of knowing angels but it was immediately apparent to her that this special encounter marked a new beginning She was in no doubt that she did indeed want to learn and thus began a lively intense dialogue that offered an abundance of insights into the work of angels She discovered that in addition to our guardian angel each of us has a circle of twelve angels who accompany us throughout life and beyond death that we have double and shadow angels and that families communities and social groups have their own angels as do specific landscapes In a series of intimate and enlightening conversations Paxino relates knowledge about these and other types of spiritual beings Angels suffer in sympathy with the earth and stand by us in the dark times of human existence Despite everything they do not condemn but love us with such devotion that we can scarcely comprehend it

Speaking of Angels David Plante McAstocker,1940 *Visitations to Heaven and Talking with Angels* Brenda J. Medley,2019-02-05 Would God actually summon someone to Heaven far above the earth the sun the moon and all the constellations Prior to standing on a cloud and viewing all of Heaven s beauty and glory my answer would have been an emphatic no However I found myself standing on a fluffy impenetrable white cloud witnessing the beautiful holy city called Heaven and then I saw Him His face and garment radiated a supernatural brilliant light that was much brighter than the morning sun coming up over a horizon too magnificent to gaze upon There is no verbal vernacular to adequately describe the exquisite golden streets breathtaking jeweled walls fragrances incomparable to any on earth and the Heavenly choir singing melodious songs to worship and praise the King of kings and Lord of lords There are nine classifications of Angels all having different assignments Some have four faces one resembling that of a man and the other three faces are the likenesses of animals Only the Angels assigned to mankind sent to provide assistance directions encouragement instructions or to reveal or fulfill the plan of God resemble human beings There is life after death and a Heavenly home where Yeshua Hamashia Jesus the Christ resides and where He has a prepared a residence for all those who love Him Many personal visitations of Angels and that of Heaven are included in this writing In fact it was an Angel who prompted me to pen this book and it is my expressed hope that your faith will be elevated and that you too will experience the supernatural
