Speech Givers Notebook:

The Speech Giver's Notebook Matthew Teacher, 2003-08-06 Studies show that public speaking is the average person's number one fear. Practical and inspiring, this clever new entry in our successful line of parchment journals is a proactive tool for optimum preparation designed specifically to help the speaker conceptualize and organize the structure of his or her speech. It includes user-friendly worksheet pages, sections for final presentation, even cue cards to cut out and take to the podium. There's moral support in the form of enlightening quotations from a variety of speakers, including proven experts in the field such as Stephen R. Covey and Colin Powell. *Notebooks* Paul Valéry, 2000

States of Trial Ann Basu, 2016-05-19 This study of five towering Philip Roth novels—*Operation Shylock*, the American Pastoral trilogy, and *The Plot Against America*—explores his vision of a turbulent post-war America personified in trial-racked Jewish American men. These works collectively register the impact of post-1945 upheavals upon the nation and American trial-based myths about wholesomeness and regeneration. Roth shows how the stories of old which moulded American self-making have produced disorderly and disruptive counter-stories playing themselves out in Jewish men marked by spots and stains where their constitutional integrity has been infringed. Roth probes the nation's own constitutional testing points as he shatters the identities of characters such as fallen ace athlete Swede Levov and disgraced academic Coleman Silk. His books seek to strip away America's false innocence, demanding that historical accountability should replace myths of new beginnings. Creating arenas of trial for his American men where national discourses and narratives cross and clash, Roth's novels reveal that a culture equals its debates and allow us to see Americans and America as ongoing experiments always being tested.

Parenting an Adult with Disabilities or Special Needs Peggy Lou Morgan, 2009-01-22 Every parent of a child with disabilities knows just how overwhelming and frustrating it can be. When these children enter adulthood, the difficulties can become even greater. Many parents are tempted to keep their children at home, believing that they will be safer and happier under their care. But adults with special needs deserve the same chance at a happy life as everyone else. As the mother of an adult child with disabilities, Peggy Lou Morgan has years of experience dealing with the challenges these adults face every day. She believes that the most loving thing parents can do for their children is to prepare them to leave home in a way that works best for them. In *Parenting an Adult with Disabilities or Special Needs*, she gives parents invaluable advice on teaching their adult child to be a self-advocate, helping their child cope with
