1990s could easily re emerge There is a potential for the further escalation of military conflicts in those regions because of the intentional or unintentional intervention of Iran China Turkey Russia and the United States which have long term interests in the two regions Given the geographical characteristics of the Caucasus and Central Asia as a link between Asia and Europe war and instability in those regions could destabilize the two continents hosting six declared nuclear powers Of particular interest to scholars and other researchers involved with Eurasian Central Asian and Caucasian countries
