The Corpse:

The Corpse Christine Quigley, 1996-01-01 Throughout the centuries different cultures have established a variety of procedures for handling and disposing of corpses Often the methods are directly associated with the deceased's position in life such as a pharaoh's mummification in Egypt or the cremation of a Buddhist Treatment by the living of the dead over time and across cultures is the focus of study Burial arrangements and preparations are detailed including embalming the funeral service storage and transport of the body and forms of burial Autopsies and the investigative process of causes of deliberate death are fully covered Preservation techniques such as cryonic suspension and mummification are discussed as well as a look at the recycling of the corpse through organ donation donation to medicine animal scavengers cannibalism and of course natural decay and decomposition Mistreatments of a corpse are also covered **The Corpse's Secret** Stacy Claflin, 2022-12-02

Another corpse another day If Vanessa and Chris had known how common death was in and around their hotel they never would have moved in with their kids The latest body is proving the most problematic because it disappeared Seemingly on its own But that's impossible Isn't it The only way it could have crawled away is if he's still alive And that would mean a murderer is on the loose Again Not only that but the kids have secrets of their own The things they're hiding could jeopardize them all especially if the killer is still alive and roaming their halls Vanessa fears her husband is unravelling fast and she knows she needs to protect her family before they lose everything But she doesn't know if she has the strength

The Corpse in Modern Irish Literature Christopher Cusack, Bridget English, Matthew L. Reznicek, 2026-01-05 From the bodies rotting by the wayside in Famine fiction Synge's sodden corpses and Joyce's dead to Nuala Ní Dhomhnaill's talking corpses and the unburied and dissected remains of Celtic Tiger fiction the figure of the corpse is ubiquitous in Irish writing This collection examines the Irish corpse as a conceptually rich centrepiece with multiple differently signifying implications across this historical period as expressed in different social political and creative contexts Taking Irish literature's obsession with death as its starting point *The Corpse in Modern Irish Literature* demonstrates the wide ranging implications of this fixation extending it through the contexts of the tragedies of the Irish past and the emergence of new identities in the wake of colonial modernity In their range of authors and genres from the eighteenth to the twenty first century the chapters bring into focus patterns of change and continuity and extend current understanding of the Gothic mode the national tale the Irish modernist novel Irish language poetry the elegiac mode comic and tragic revivalist writings and the generic complexity of autofiction and contemporary fiction In so doing *The Corpse in Modern Irish Literature* makes a significant intervention in Irish studies Gothic studies death studies and medical and health humanities *The Concept of Service Quality in Commercial Practice* Amelikeh Confidence E. N., 2020-07-30 Commercial Practice is the work done for the earning acquisition and ownership of existence and within existence What one acquires the one is said to own resulting in the application of ownership to anything at all acquirable including the slave however the slave is held in possession disowned

and hence cannot be said to be owned We cannot accurately say that one owns a slave nor that a slave has owner when the slave is held disowned The disowned thing has no owner The application of ownership to the slave has brought difficulty in telling the relationship between parent and child husband and wife employer and employee and citizen and state for instance as a person being owned sounds as the person being a slave We have redeemed the reality of ownership There are things one can own and things one cannot own although acquirable therefore there are things one has the Right to acquire and things one has no Right to acquire If you cannot own it and you acquire it then you have stolen it rendering you a criminal as theft is a crime Learn Commercial Practice it is the legitimate method of acquiring and possessing and ownership Glimpses of Three Coasts Helen Hunt Jackson,1898 *Annual Report of the Bureau of American Ethnology to the Secretary of the Smithsonian Institution* Smithsonian Institution.
