Philosophy involves a criticism of scientific knowledge not from a point of view ultimately different from that of science but from a point of view less concerned with details and more concerned with the h mony of the body of special sciences Here as elsewhere while the older logic shut out possibilities and imprisoned imagination within the walls of the familiar the newer logic shows rather what may happen and refuses to decide as to what must happen Bertrand Russell At any particular stage in the development of humanity knowledge comes up against limits set by the necessarily limited character of the experience available and the existing means of obtaining knowledge But humanity advances by overcoming such limits New experience throws down the limits of old experience new techniques new means of obtaining knowledge throw down the limits of old techniques and old means of obtaining knowledge New limits then once again appear But there is no more reason to suppose these new limits absolute and final than there was to suppose the old ones absolute and final      **The Outlook** Lyman Abbott,Hamilton Wright Mabie,Ernest Hamlin Abbott,Francis Rufus Bellamy,1907      THE CHOICE IS ONE Aditi Srivastava,2024-11-28 This book is about the choices that decide our goodness in life We are surrounded everyday by these choices but due to lack of power of making decision and confidence unable to choose the best for us Even if we choose from those whether good or bad there is no such as bad choices sometimes becomes a great lesson to move ahead with good choices In this book I have mentioned the rules which are prominent part of experiences of my life that most of them have the common in their state of mind this helps how to manage those choices and makes them best avoiding procrastination I am proud of my choice and follow MY GOOD CHOICE MY GOOD LIFE      **What Career?
