The World Before:

The World Before Us Tom Higham, 2021-08-24 A fascinating investigation of the origin of humans based on incredible new discoveries and advanced scientific technology Fifty thousand years ago Homo sapiens was not the only species of humans in the world There were also Neanderthals in what is now Europe the Near East and parts of Eurasia Hobbits *H floresiensis* on the island of Flores in Indonesia Denisovans in Siberia and eastern Eurasia and *H luzonensis* in the Philippines Tom Higham investigates what we know about these other human species and explores what can be learned from the genetic links between them and us He also looks at whether *H erectus* may have survived into the period when our ancestors first moved into Southeast Asia Filled with thrilling tales of recent scientific discoveries this book offers an engaging synopsis of our current understanding of human origins and raises new and interesting possibilities particularly concerning what contact if any these other species might have had with us prior to their extinction

The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
