**Super Boom** Jeffrey A. Hirsch, 2011-03-10 Prosper from the profitable opportunities of the next financial market super boom In 1976 Yale Hirsch predicted a fifteen year super boom a move in the stock market of 500% or more His forecast proved accurate as the market rose and continued upward eventually posting growth over 1 000% just before the tech crash in 2000 In Super Boom Jeffrey Hirsch President of the Hirsch Organization and Editor in Chief of the Stock Trader s Almanac unveils the next market expansion Building on his father s research from 1976 Hirsch has discovered that meteoric rises in stock indices are due to specific catalysts predominantly outside of the financial markets History has a way of repeating itself especially in the financial markets The American economy and subsequently the world economy has always existed in a cycle of boom and bust gold grain oil technology and most recently real estate have all bubbled and popped The key to investing profitably is spotting macroeconomic historical trends and positioning to reap the benefits Step by step Hirsch puts together the pieces of this puzzle by revealing the central drivers of a super boom Examines how new cultural paradigm shifting technologies as well as peace between major wars could fuel a super boom Discusses how the massive injection of money by the government in response to the global financial crisis and the Great Recession as well as wartime spending will eventually create an inflationary environment The data and research found here is based on historical information and the boom and bust cycle of the past century As markets and economies struggle over the next several years

remember to keep your eye on the future and get ready for the coming super boom and the next 500% move in the market With this book as your guide you ll benefit from the insights that only Jeffrey Hirsch can provide **Enhancing Trader Performance** Brett N.
