Understanding Terrorism Raul Caruso,Andrea Locatelli,2014-02-07 Understanding the multi disciplinary nature of terrorism requires a concerted effort by social sciences in particular economics and political science In this volume renowned scholars show how their individual perspectives can contribute to a broader understanding of the issue at stake Current Perspectives on International Terrorism Robert O. Slater,Michael Stohl,1988-01-01 Terrorism Dan O'Hair,2008 This volume offers the best available thinking and analysis on the topic of the rhetoric and communication of terrorism Each of the chapters isolates a particular issue or concern and exposes the difficult choices and subsequent processes facing participants in the management of terrorism By wrapping the analysis in a web of communication and rhetorical processes and theories the authors develop unique perspectives from which to characterize these contexts This volume is intended for multiple audiences including those interested not only in the specific topic but in risk communication crisis management policy management and political science Terrorism Dave Holmes,2002 **Terrorism** Amarjit S. Narang,Pramila Srivastava,2001 **Cyberterrorism** Thomas M. Chen, Lee Jarvis, Stuart Macdonald,2014-06-24 This is the first book to present a multidisciplinary approach to cyberterrorism It traces the threat posed by cyberterrorism today with chapters discussing possible technological vulnerabilities potential motivations to engage in cyberterrorism and the challenges of distinguishing this from other cyber threats The book also addresses the range of potential responses to this threat by exploring policy and legislative frameworks as well as a diversity of techniques for deterring or countering terrorism in cyber environments The case studies throughout the book are global in scope and include the United States United Kingdom Australia New Zealand and Canada With contributions from distinguished experts with backgrounds including international relations law engineering computer science public policy and politics Cyberterrorism Understanding Assessment and Response offers a cutting edge analysis of contemporary debate on and issues surrounding cyberterrorism This global scope and diversity of perspectives ensure it is of great interest to academics students practitioners policymakers and other stakeholders with an interest in cyber security **Theories of Terrorism** Murat Haner,Melissa M. Sloan,2021-09-29 Theories of Terrorism explains and advances the major theories of terrorism that address issues of becoming a terrorist being a terrorist and leaving terrorism in a clear and accessible format Readers will gain an understanding of the most

promising explanations of terrorism that have been developed to date and how they can be used to explore core substantive issues related to the topic The content is delivered with a scholarly depth though still accessible by students at different levels The book offers explanations from prominent scholars for the three phases of radicalization covering emerging topics such as women s involvement in terrorism fear of terrorism the code of the terrorist and suicide terrorism This is the first book in the Advances in Criminological Theory series to address the issue of terrorism and emphasizes the use of theory to direct research development in the future The style and content coverage of the book make it appropriate as a supplemental text in undergraduate courses on terrorism and political violence The inclusion of current empirical literature and guidance for future research efforts gives the text appeal for graduate students and academics in the disciplines of criminology criminal justice political science sociology and interdisciplinary terrorism studies The emphasis on theory and the radicalization process throughout the text will also make the book useful as a reference for general graduate level theory courses within these areas

Terrorism Mustafa Özgüler,2009

The Enemy of My Enemy George Michael,2006 In the violent world of radical extremists the enemy of my enemy is my friend This study reveals how that precept plays out in the unexpected bonding between militant Islam and the extreme right in America and Europe It provides an insightful and sane look at the possibilities for collaboration between these groups

Forensic Psychology David A. Crighton,Graham J. Towl,2021-05-04

FORENSIC PSYCHOLOGY Explore the theory research and practice of forensic psychology with this collection of resources from recognized leaders in the field The newly revised Third Edition of Forensic Psychology delivers insightful coverage of the theory and applications of forensic psychology The book combines authoritative scholarship with an unprecedented breadth of international coverage and constitutes an essential resource for all aspects of contemporary forensic and criminal psychology The new edition addresses issues of equality diversity and inclusion in each section as well as the uses and abuses of power in forensic contexts The book takes a constructively critical approach to the dominant theories policy and practices of today as opposed to being merely descriptive and considers new and developing areas like the prevention of sexual violence at universities Forensic Psychology comprehensively addresses the application of modern forensic techniques and practices to the civil and criminal justice systems in the United Kingdom Each chapter concludes with some specific suggestions for further reading Additionally readers will enjoy the inclusion of a wide variety of topics like A thorough discussion of investigative and clinical practice including the politics of forensic psychology offender profiling eyewitness testimony and jury decision making An examination of clinical and risk assessments including reviews of the key legal issues and principles involved in risk assessments the role of structured instruments and protocols and coverage of actuarial and structured clinical methods Discussions of working with criminalized populations in prisons and forensic mental health facilities A treatment of psychology in the courts with an emphasis on the courts of England and Wales Perfect for graduate level students in forensic psychology courses Forensic Psychology will also earn a place in the libraries of qualified

forensic psychologist practitioners and postgraduate students seeking to improve their understanding of forensic psychology with a high quality international textbook underpinned by considerations of human rights and ethical standards
