**Testimonies** James Rendel Harris, Vacher Burch, 1920 *The Testimony of God* Watchman Nee, 1979-04-09 In this volume Watchman Nee explains the testimony of God as to what it is how it comes to us and what our responsibility is towards it Secondly he exhorts us to be faithful to the testimony which has been committed to us The Daily Discoveries of a Bible Scholar and Manuscript Hunter: A Biography of James Rendel Harris (1852-1941) Alessandro Falcetta, 2018-05-31 This is the first full biography of James Rendel Harris 1852 1941 Bible and patristic scholar manuscript collector Quaker theologian devotional writer traveller folklorist and relief worker Drawing on published and unpublished sources gathered in the United States Europe and the Middle East many of which were previously unknown Alessandro Falcetta tells the story of Harris s life and works set against the background of the cultural and political life of contemporary Britain Falcetta traces the development of Harris s career from Cambridge to Birmingham the story of his seven journeys to the Middle East and of his many campaigns from religious freedom to conscientious objection The book focuses upon Harris s innovative contributions in the field of textual and literary criticism his acquisitions of hundreds of manuscripts from the Middle East his discoveries of early Christian works in particular the Odes of Solomon his Quaker beliefs and his studies in the cult of twins His enormous output and extensive correspondence reveal an indefatigable genius in close contact with the most famous scholars of his time from Hort to Harnack Nestle the Sisters of Sinai and Frazer **"And Scripture Cannot Be Broken"** Martin C. Albl, 2014-04-09 This work argues that many early Christian quotations of the Old Testament derive not from scriptural manuscripts but rather from authoritative written testimonia collections developed to support basic Christian

beliefs Combining recent patristic studies notably on Justin and Barnabas and evidence from Qumran with detailed examination of quotations in the New Testament the book builds a fresh case for a neglected scholarly hypothesis After reviewing the scholarly literature and analogous Jewish and Greco Roman literary collections the book presents a comprehensive overview of extant testimonia traditions from the second to the fourth century C E The final chapters argue for the use of written testimonia collections in the New Testament This study offers solid evidence for a remarkably unified early Christian scriptural tradition that extended throughout the Mediterranean world
