Testing Christianity's Truth Claims Gordon R. Lewis, 1980-02 *Testing Christianity's Truth-claims* Gordon Russell Lewis, 1976-01-01 *Testing Christianity's Truth Claims* Gordon Russell Lewis, 1990 In this outstanding defense of Christianity the author compares and contrasts six methods of reasoning used by philosophers during the resurgence of evangelical beliefs in the latter half of the 20th century He looks at the empirical rational presuppositional mystical existential and verificational methods that stimulate critical thought about God as seen in the Jesus of history and in the teachings of Scripture Originally published in 1976 by Moody Press *A World of Difference (Reasons to Believe)* Kenneth Richard Samples, 2007-09-01 Recent Barna research indicates that less than one in ten evangelical Christians hold a biblical worldview *A World of Difference* seeks to change this disturbing fact by educating readers on how the Christian perspective is uniquely reasonable verifiable and liveable Author Kenneth Richard Samples faced a profound test of his own belief system during a personal life and death crisis In *A World of Difference* he uses nine distinct tests to compare the Christian worldview with current religious and philosophical competitors including Islam postmodernism naturalism and pantheistic monism Samples tackles tough issues through this in depth study of Christianity's history creed and philosophical basis An excellent resource for readers who want their view of life and the world to make sense **Mapping Apologetics** Brian K. Morley, 2015-02-10 How and why do people believe This comprehensive guide provides an overview of Christian apologetic approaches and thinkers in a way that even the nonspecialist can understand and practically apply Even handed and respectful of each apologist and their contribution this book provides the reader with a formidable array of defenses for the faith *The Big Book of Christian Apologetics* Norman L. Geisler, 2012-11-01 *The Big Book of Christian Apologetics* is a comprehensive resource designed to equip motivated believers with information to help defend and explain their faith Examining nearly every key issue person and concept related to Christian apologetics this book clarifies difficult biblical passages clearly explains various philosophical systems and concepts examines contemporary issues and challenges and offers classic apologetic arguments all with the aim of giving readers the background to intelligently and persuasively talk about their Christian faith with skeptics An expertly abridged version of the Baker Encyclopedia on Christian Apologetics this resource brings leading apologist Norman L Geisler's seminal work to the masses *Reasons for Our Hope* H. Wayne House, Dennis W. Jowers, 2011-10 A sophisticated yet accessible introductory guide to an articulate and well informed defense of the Christian faith **Themelios**, 1984 **The Logic of Intersubjectivity** Darren M. Slade, 2020-08-27 To survey harsh criticisms against Brian Douglas McLaren 1956 readers gain the inaccurate impression that he is a heretical relativist who denies objective truth and logic While McLaren's inflammatory and provocative writing style is partly to blame this study also suspects that his critics base much of their analyses on only small portions of his overall corpus The result becomes a caricature of McLaren's actual philosophy of religion What is argued in this book is that McLaren's philosophy of religion

suggests a faith based intersubjective relationship with the divine ought to result in an existential appropriation of Christ's religious ethical teachings. When subjectively internalized, this appropriation will lead to the assimilation of Jesus' kingdom priorities, thereby transforming the believer's identity into one that actualizes Jesus' kingdom ideals. The hope of this book is that by tracing McLaren's philosophy of Christian religion, future researchers will not only be able to comprehend and perhaps empathize with McLaren's line of reasoning, but they will also possess a more nuanced discernment of where they agree and disagree with his overall rationale.

Proceedings [of the National Council of the Evangelical Free Churches], 1898 **Isaac Backus--Puritan and Baptist** Stanley James Grenz, 1983 ...
