The Red Menace:

THE RED MENACE Albert DeMond, Gerald Geraghty, 1949 **Television and the Red Menace** J. Fred MacDonald, 1985 A major resource for both general and scholarly audiences The broad scope of this work should provide accessible and welcome assistance to both the seasoned O'Neill scholar and the newly initiated Choice Hollywood and Anticommunism John J. Gladchuk, 2013-10-11 This work concentrates on tracing the evolution of the so called red menace phenomenon as a means of demonstrating the correlation between growing American paranoia and the success of the anticommunist campaign 1935 1955 The House Committee on Un American Activities 1947 investigation of Hollywood the nation's most visible industry served a critical role in conjuring up anti red hysteria and fanning the flames of virulent anticommunism Using conveniently unjust tactics the Committee painted targeted Hollywood personalities red and established the infamous blacklist certified proof in the minds of many that subversives were indeed conspiring from within A failed attempt on behalf of the Hollywood Ten to demonstrate the Committee's undemocratic nature allowed HUAC to forge ahead with its investigation and establish the anticommunist foundation upon which Joseph McCarthy would construct his campaign Hollywood and Anticommunism stands as an important contribution to McCarthy era literature and should appeal to all interested in the early Cold War and the impact that unwarranted hysteria has had and continues to have on the growth and development of the nation The Red Menace James J. Flowers, 1956 **Soviets Spy on You** Problems today, 1952*

The Red Menace Michael Anania, 1993 The Red Menace #1 James P Mullaney, 2013 *The Red Menace #3* James P Mullaney, 2013 *On Guard Against the Red Menace* Rodrigo Patto Sá Motta, 2020-02-01 This book focuses on the values beliefs fears and actions of Brazilian groups that throughout the twentieth century fought the red menace It is based on broad and diversified documentary sources including police files archives of political leaders traditional press periodicals newspapers and brochures of right wing organizations monuments caricatures and photographs The work is a major contribution to better understanding the political impact of right wing movements in Brazil and the justifications made for the authoritarian coups of 1937 and 1964 The author explains the intricacy of the political movements leaderships and organizations that gathered around the fight against communism as well as the ideas and images used to disseminate their arguments including international sources of inspiration The argument presented is not one of mere condemnation but as dictatorship has reared its head post 1964 an assessment is long overdue in order to understand the political impact of anti communist movements which have contributed to enable the longstanding police military repressive machine of the Brazilian State The current return of anti communism to the Brazilian political scene is evidence of the book's thesis that this phenomenon took root in Brazilian society during the first decades of the twentieth century *On Guard Against the Red Menace* helps to understand why a candidate of military origin who promises to rid the country of the reds won the October 2018 elections in Brazil by adopting a discursive strategy that represents the appropriation of the anti communist tradition

Carter,2021-11-15 In America lipstick is the foundation of empires it s a signature of identity it s propaganda self expression oppression freedom and rebellion It s a multi billion dollar industry and one of our most iconic accessories of gender This engaging and entertaining history of lipstick from the colonies to the present will give readers a new view of the little tube s big place in modern America from defining the middle class to building Fortune 500 businesses to being present at Stonewall and being engineered for space travel Lipstick has served as both a witness and a catalyst to history it went to war with women it gave women of color previously unheard of business opportunities and was part of the development of celebrity and mass media In the Twentieth Century

alone lipstick evolved from a beauty secret for a select few to a required essential for well turned out women but also a mark of rock n roll rebellion and a political statement How has this mainstay of the makeup kit remained relevant for over a century Beauty journalist Ilise S Carter suggests that it s because the simple lipstick says a lot From the provocative allure of a classic red lip to the powerful statement of drag the American love affair with lipstick is linked to every aspect of our experience of gender from venturing into the working world or running for the presidency TheRed Menace will capture all of those dimensions with a dishy dose of fabulosity that makes it a must read for lipstick s fiercest disciples its harshest critics and everyone in between *Red Scare or Red Menace?* John Earl Haynes,1995-12-01 A reappraisal of American communism and anticommunism in the cold war era focusing on episodes personalities and institutions and based upon fresh evidence that overturns a great deal of received wisdom Haynes argues convincingly that after the Second World War the American Communist Party was indeed a serious danger to the American body politic He has begun the necessary reexamination of a squalid era Ronald Radosh Times Literary Supplement American Ways Series **The Red Menace Revisited** David E.
