Larry McMurtry

Underground People:

Comanche Moon Larry McMurtry, 2010-06-01 NATIONAL BESTSELLER The second prequel following *Dead Man's Walk* to Larry McMurtry's classic novel *Lonesome Dove* charts the harrowing careers of Texas Rangers Augustus McCrae and Woodrow F. Call as they fight foes throughout the Texas territory and their own demons setting up the events of the Pulitzer Prize winning classic. The second book of Larry McMurtry's *Lonesome Dove* tetralogy *Comanche Moon* takes us once again into the world of the American West. Texas Rangers August McCrae and Woodrow Call now in their middle years continue to deal with the ever increasing tensions of adult life. Gus with his great love Clara Forsythe and Call with Maggie Tilton the young whore who loves him. Two proud but very different men they enlist with the Ranger troop in pursuit of Buffalo Hump the great Comanche war chief. Kicking Wolf the celebrated Comanche horse thief and a deadly Mexican bandit king with a penchant for torture. Assisting the Rangers in their wild chase is the renowned Kickapoo tracker Famous Shoes. *Comanche Moon* closes the twenty year gap between *Dead Man's Walk* and *Lonesome Dove* following beloved heroes Gus and Call and their comrades in arms Deets, Jake Spoon and Pea Eye Parker in their bitter struggle to protect the advancing West frontier against the defiant Comanches courageously determined to defend their territory and their way of life.

Parasite: A Philosophical Exploration, 2022-08-22 *Parasite* is a philosophically interesting film because it presents the ethico biological problem of parasitism in a metaphorical and artistic fashion. Michel Serres in his book called *The Parasite* holds that parasites are not in fact useless but that they establish communications between different spheres and are thus able to transform large scale organisms. Parasites import coincidences activate defence systems and establish new links with the host. In this book philosophers explore the film from various angles using the ancient satirist Lucian's *De Parasito*, Nietzsche's concept of the vengeance of the weak, Dostoyevsky's underground, Marxism and many more.

[The American Dream and American Cinema in the Age of Trump](#) Graham S. Clarke, Ross Clarke, 2022-07-28 *The American Dream and American Cinema in the Age of Trump* uses both film theory and insights from object relations theory in order to examine how recent films address and reflect the state of the American Dream. This fascinating book looks at how the American Dream is one of the organising ideas of American cinema and one of the most influential cultural outputs of the twenty first century at a time of internal crisis. In an era characterised by populism, climate change and economic uncertainty the book considers nine auteur films in how they illustrate the challenges of contemporary America. Graham S. Clarke and Ross Clarke present a bifocal perspective on some of the most well received American films of recent years and how they relate to the American Dream in the context of the Trump presidency. For each of the nine films discussed two different accounts are presented side by side so that each film is considered from an object relations psychoanalytic point of view, internal world as well as a film and cultural theory perspective, external world. This unique approach is complemented by discussion of political and critical theory providing a thorough and engaging analysis. Challenging and insightful. *The American Dream and American Cinema in the*

Age of Trump will be of great interest to scholars of cinema popular culture American studies and psychoanalytic studies
