A Guide to Charter Schools Myron S. Kayes, Robert Maranto, 2006-05-12 Here is a short edited volume that brings together in one place the best scholarly articles in charter schooling by national experts and leaders written in a user friendly fashion It is the ideal introduction for those interested in the charter school movement with numerous insights for and by charter operators administrators and teachers as well as the academic community The volume starts with essays explaining the history of education reforms past in particular why their failures make charters a necessity Additional essays examine such research questions as whether class size matters how to end the teacher shortage routes to alternative certification why urban school reform fails and how to make merit pay work The second section includes essays outlining the key research on charter schools Chapters examine such questions as how charter schools compare to district

schools how non profit charters compare to for profit charters what determines teacher quality and how the small size of charters makes for complex questions of accountability The final section includes personal reflections tips and horror stories from charter operators In particular essays examine why most charters have a tough first year the difficulties of converting a private school to a charter how to manage facilities how to obtain grant money and how to do good charter marketing

Unraveling the Assessment Industrial Complex Michelle Tenam-Zemach, Daniel R. Conn, Paul T. Parkison, 2021-04-22 This book offers a comprehensive critique of how the assessment industry and standardized testing adversely impact students teachers and society The authors present the case that the interconnected developments of the testing industry and the Assessment Industrial Complex AIC have effectively anchored American schooling to testing Using an antiracist lens the authors deconstruct the AIC exposing the neoliberal agenda of education reformers and how proponents utilize the rhetoric of testing and the data extracted from them to normalize the reliance on AIC systems This critique further exposes education reformers ideological agenda their hypocrisy and how they grossly profit from the AIC at the expense of society s marginalized and most vulnerable students The COVID 19 pandemic society s racial unrest and anti testing movements have aligned to underscore the need to examine systemic oppression and the impact it has on society through our education system This text exposes how standardized testing perpetuates these injustices and provides the opportunity to disrupt the systems they rely upon and bolster the societal resistance that is needed

Charter Schools against the Odds Paul T. Hill, 2013-10-01 The expert contributors to this volume tell how state laws and policies have stacked the deck against charter schools by limiting the number of charter schools allowed in a state forbidding for profit firms from holding charters forcing them to pay rent out of operating funds and other ways They explain how these policies can be amended to level the playing field and give charter schools and the children they serve a fairer chance to succeed

The Basics of Charter Schools Judith B. Saks, 1997 This report attempts to present a balanced discussion of several key issues in the charter school movement Its goal is to help school board members especially those in urban districts assess the record of charter schools so far and understand the complexity of the issues involved The first chapter presents a brief legislative history of the movement and explains why the movement has attracted bipartisan political support Chapter 2 The National Landscape describes variations in state law that are crucial to understanding the charter school movement Research Results Chapter 3 finds that answers to the critical question of whether charter schools work are not readily forthcoming both because the movement is young and because of uncertainty about ways to measure achievement Chapter 4 offers A Case Study of San Diego Charters to show charter schools in the eighth largest urban school district in the United States In Chapter 5 The Impact of Charter Schools in School Reform it is noted that as yet there is little hard evidence of systemic school reform as a result of the charter school movement Chapter 6 Teacher Union Response to Charter Schools discusses changes in the unions position from opposition to cautious acceptance of charter schools Chapter 7 examines The Role of School Boards in Existing Charter Laws and

discusses the importance of the exercise of school board authority over charter schools Chapter 8 presents the perspectives of the National School Boards Association and its Council of Urban Boards of Education These organizations suggest that charter schools are promising reform efforts but not a panacea for problems in public education Contains 2 charts and 34 references SLD

Are Charters Different? Zachary W. Oberfield, Jeffrey R. Henig, 2017 Award winning author Zachary Oberfield examines public schools and charters schools through a political science lens asking whether there are organizational variances between the schools that foster dissimilar teaching climates *Are Charters Different* presents a fascinating example of how privatization affects the delivery of public services and provides valuable insights that can inform public policy in education Drawing on the literature in public policy and organizational theory Oberfield notes that one of the key rationales for the charter movement was the belief that public and private organizations have distinct characteristics The book finds that while charters have made strides toward their initial goals more autonomy for teachers opportunities for innovation and leadership and less red tape there are also real costs lower credentials longer hours and more students per teacher In addition Oberfield compares the teachers experiences in traditional public and charter schools based on a series of large scale longitudinal surveys He draws a nuanced portrait of the distinctions that emerge and discusses patterns of change over time Oberfield looks closely at variations in the survey findings within the charter sector to investigate whether changes in the organizational status or contexts of charter schools influence school culture *Are Charters Different* provides a unique analysis on the much debated charter school movement Oberfield recognizes that there are different models of schooling each of which has its own strengths and weaknesses and that we have to weigh the tradeoffs involved in choosing one over the other Provided by publisher

Preparing School Leaders Joseph Murphy, 2006 Written for professors of school administration *Preparing School Leaders* provides an overview of the three key dimensions of leadership preparation in school administration the history of how we arrived at where we are a critical analysis of current state of affairs and an agenda for improvement

Introduction to Teaching Gene E. Hall, Linda F. Quinn, Donna M. Gollnick, 2018-11-29 An ideal introductory text for aspiring teachers *Introduction to Teaching Making a Difference in Student Learning* is grounded in the realities and complexities found in today s schools Acclaimed authors Gene E Hall Linda F Quinn and Donna M Gollnick thoroughly prepare readers to make a difference as teachers presenting firsthand stories and evidence based practices while offering a student centered approach to learning The authors focus on how to address one of the biggest challenges facing many of today s schools ensuring that all students are learning and help teachers prioritize student learning as their primary focus From true to life challenges that future teachers will face such as high stakes testing reduced funding low retention and Common Core State Standards to the inspiration and joy they will experience throughout their teaching careers the Third Edition paints an importantly authentic picture of the real life of a teacher

Families, Schools, and Communities Chandler Barbour,Nita Barbour,Patricia A. Scully,2008 A basic tenet ofFamilies Schools Communities Building Partnerships for Educating Children fourth edition is that schools will always be a primary venue for educating the young child and educators must be in the forefront of any endeavor to bring about change However the authors stress that to accomplish the tasks at hand all school districts must develop vibrant partnerships uniting parents and community members with teachers in educating tomorrow s citizens Schools are where the action will bloom but respectful collaboration is the key to success Annual Meeting Program American Educational Research Association,2008

Resources in Education ,1998-10 **Distributed Leadership in Practice** James P. Spillane,John B. Diamond,2007-08-03 Distributed leadership has become an important term for educational policymakers practitioners and researchers in the United States and around the world but there is much diversity in how the term is understood Some use it as a synonym for democratic or participative leadership This book examines what it means to take a distributed perspective based on extensive research and a rich theoretical perspective developed by experts in the field Including numerous case studies of individual schools and providing empirically based accounts of school settings using a distributed perspective this thorough volume Explores how a distributed perspective is different from other frameworks for thinking about leadership Provides clear examples of how taking a distributed perspective can help researchers understand and connect more directly to leadership practice Illustrates how the day to day practice of leadership is an important line of inquiry for scholars and for those interested in improving school leadership

The Charter School Experiment Christopher A. Lubienski,Peter C. Weitzel,2010-09-01 When charter schools first arrived on the American educational scene few observers suspected that within two decades thousands of these schools would be established serving almost a million and a half children across forty states The widespread popularity of these schools and of the charter movement itself speaks to the unique and chronic desire for substantive change in American education As an innovation in governance the ultimate goal of the charter movement is to improve learning opportunities for all students not only those who attend charter schools but also

students in public schools that are affected by competition from charters In The Charter School Experiment a select group of leading scholars traces the development of one of the most dynamic and powerful areas of education reform Contributors with varying perspectives on the charter movement carefully evaluate how well charter schools are fulfilling the goals originally set out for them introducing competition to the school sector promoting more equitable access to quality schools and encouraging innovation to improve educational outcomes They explore the unintended effects of the charter school experiment over the past two decades and conclude that charter schools are entering a new phase of their development beginning to serve purposes significantly different from those originally set out for them

Curriculum Leadership Allan A. Glatthorn, Floyd Boschee, Bruce M. Whitehead, 2006 Finally a book for graduate students that deals with all aspects of curriculum The authors have done a masterful job in exploring a multi faceted complex subject with rich and current information and excellent interesting writing I enthusiastically endorse this book Robert Ferrera Notre Dame de Namur University It is rare to find a textbook that so closely matches the objectives of a course and the needs of the students who typically take that course Curriculum Leadership Development and Implementation does both extremely well Allen H Seed University of Memphis Curriculum Leadership Development and Implementation is a one of a kind resource written for educational leaders who want to successfully restructure and enhance curriculum in schools today This book provides a plethora of innovative and successful curriculum ideas including reflective case studies Keys to Leadership sections curriculum tips and Challenge sections with key issues and questions in every chapter Also interspersed throughout the book are tried and true strategies that arm administrators with innovative ideas on meeting state and national standards Rarely has there been a curriculum book that is so useful in today s changing educational scene This book will help every educational leader who wants to make a difference by Defining the concepts of curriculum Describing the contracting nature of curriculum components Analyzing the hidden curriculum Unfolding ways to develop and implement curriculum This is a much needed highly informative and easy to read account of curriculum development and change for curriculum leaders those teaching curriculum courses and those aspiring to become curriculum decision makers It will provide the knowledge and skills needed to develop and implement a primary or secondary school curriculum

Balanced Leadership Sheryl Boris-Schacter, Sondra Langer, 2006 Alarmed by mounting evidence of a national shortage of qualified and willing principals the authors surveyed or interviewed over 200 school principals from across the country to find out why so many are leaving the profession and how those who stay manage their work They discovered that regardless of a principal s race gender school level geographic region or tenure there was a remarkable consistency in the challenges identified and suggestions given for revamping the role of the American principal Featuring stories shared by practicing principals this timely volume offers fresh insights on ways to both attract and retain good principals shows how successful principals reconcile their expectations and hopes with the realities and disappointments encountered in their work examines issues common to all

principals such as time management staff evaluations keeping the focus on instruction community expectations and pursuing a balanced life presents strategies that principals have used to make their role more effective and more attractive and provides practical ideas for coping with the present and envisioning the future including alternative principal models **The Educational Leadership Challenge** Joseph Murphy, 2002 Part I of the National Society for the Study of Education's 101st yearbook explores the changing context of educational leadership in the twenty first century through the lenses of school improvement social justice and democratic community Authors discuss topics such as leadership roles for teachers principals and superintendents rethinking professional development for school leaders school improvement processes for building instructional capacity and the evolving role of leadership in education over time
