Smither, 2019-03-06 A deeper understanding of the grand history of mission

leads to a faithful expression of God's mission today. From the beginning, God's mission has been carried out by people sent around the world. From Abraham to Jesus, the thread that weaves its way throughout Scripture is a God who sends his people across the world proclaiming his kingdom. As the world has evolved, Christian mission continues to be a foundational tradition in the church. In this one-volume textbook, Edward Smither weaves together a comprehensive history of Christian mission from the apostles to the modern church. In each era, he focuses on the people sent by God to the ends of the earth while also describing the cultural context they encountered. Smither highlights the continuity and development across thousands of years of global mission.

[How to Understand the History of Christian Mission](#) Jean Comby, 1996. *Mission* is a problematical term with many unfortunate connotations. This book explores the process of evangelization from its beginning in the ancient world through to the last half century.

Introduction to Global Missions Zane Pratt, M. David Sills, Jeff K. Walters, 2014-07-01. *Missions* is the work of the church to reach and teach the peoples of the world for Christ's sake. The missionary call is a vital part of the life of every follower of Jesus Christ and therefore the church. But the effective discipleship of all nations requires a solid biblical, historical, and practical foundation. Therefore, the study of missiology demands the effective application of biblical studies, theology, and history. This text brings the rich heritage of evangelical missiology, founded on conservative theology, to a twenty-first-century audience passionate for

the proclamation of the gospel Introduction to Global Missions brings the authors decades of combined missionary and teaching experience to a survey text appropriate for college or seminary classroom The book is divided into four sections and thirteen chapters The text begins with the biblical and theological foundations of Christian missions including a biblical theology of missions Before moving to the practical and strategic issues of twenty first century missions the authors consider the historical development of missions with a view toward providing a basis for contemporary strategies A final foundational set of chapters addresses the impact of cultures on the communication of the gospel The remainder of the text deals with key issues and opportunities in missions including church planting missions in the local church and strategies for disciple making Introduction to Global Missions provides a foundation for readers to consider their own missionary call whether as a full time field missionary or a church member on short term projects No matter their role Great Commission Christians need a framework for doing missions well

Understanding Christian Mission in Changing World ,2015

Christian Missions Julius Hawley Seelye,1875

Mission Carlos F. Cardoza-Orlandi,2002-06-01 Mission has become for

many North American Christians an ambiguous and often uncomfortable term To many it brings to mind a past in which western culture was identified with the gospel in missionary practice and programs Distressed with this history and uncertain about how to overcome it many prefer to ignore the New Testament mandate that the church must be in mission if it is to be the church Others swing the other way declaring that everything the church does is mission depriving the idea of mission of its power to define those specific actions of God which proclaim the gospel and build God s kingdom The church exists by missions just as fire exists by burning With these words of Emil Brunner the author reminds us that to be the church is to be in mission After describing the various captivities of mission which plague North American Christianity the author argues for a robust and engaged practice of mission beginning in congregations and extending to the broader community

The Social Work of Christian Missions Alva Wilmot Taylor,1911 *A Time for Mission* Samuel Escobar,2013-07-14 Christian mission in the twenty first century has become the responsibility of a global church The heart of mission is the drive to cross geographical cultural and social barriers in order to share the good news of Jesus Christ with all peoples Drawing on his involvement in missionary work over many years Samuel Escobar explores how the church spreads the Christian faith God s Word forms the foundation for his reflections while he uses insights from theological and historical studies as well as from the social sciences to gain a clearer understanding of the church s missionary calling His stimulating and challenging analysis contributes significantly to a global evangelical dialogue on mission today and in the future
