

Understanding Health

A SOCIOLOGICAL INTRODUCTION

ANNE-MARIE BARRY & CHRIS YUILL

Understanding Health A Sociological Introduction

**Catherine Hungerford, Donna
Hodgson, Richard Clancy, Tony
Jones, Anthony Harrison, Chris Hart**

Understanding Health A Sociological Introduction:

Understanding Health Anne-Marie Barry, Chris Yuill, 2002 This book clearly explains what sociology is and how it contributes to our understanding of health Beginning with an overview of the discipline the authors set out the different theoretical perspectives offered by sociology They describe how for centuries our understanding of health and illness has been dominated by the medical model and a focus on disease processes In contrast they show how sociology provides a broader understanding of health and inequalities in the health of populations by taking account of factors such as age social class gender and environment

Understanding Health Anne-Marie Barry, 2002-12-18 A comprehensive and accessible introduction to the sociology of health and illness written for students on a wide range of courses Understanding Health clearly explains what sociology is and how it contributes to our understanding of health Beginning with an overview of the discipline the authors set out the different theoretical perspectives offered by sociology They describe how for centuries our understanding of health and illness has been dominated by the medical model and a focus on disease processes In contrast they show how sociology provides a broader understanding of health and inequalities in the health of populations by taking account of factors such as age social class gender and environment The book goes on to explore the social context of health care the role of different professions particularly the professions allied to medicine and the organizational constraints on those involved in health care delivery Understanding Health is designed for students studying sociology as part of a wide range of courses To help them get the most from the book signposts are provided throughout that show where related topics appear elsewhere in the text Other useful features include discussion points definitions of key terms and suggestions for further reading

Understanding the Sociology of Health Anne-Marie Barry, Chris Yuill, 2016-09-24 Understanding the Sociology of Health continues to offer an easy to read introduction to sociological theories essential to understanding the current health climate Up to date with key policy and research and including case studies and exercises to critically engage the reader this book shows how sociology can answer complex questions about health and illness such as why health inequalities exist To better help with your studies this book contains a global perspective with international examples a new chapter on health technologies online access to videos of the author discussing key topics as well as recommended further readings a glossary chapter summaries and reflective questions to help you engage with the subject Though aimed primarily at students on health and social care courses and professions allied to medicine this textbook provides valuable insights for anyone interested in the social aspects of health

Understanding Health Anne-Marie Barry, Chris Yuill, 2002 Printbegrnsninger Der kan printes 10 sider ad gangen og max 40 sider pr session

Social Aspects Of Health, Illness And Healthcare Larkin, Mary, 2011-01-01 This book provides a comprehensive and contemporary exploration of a wide range of topics within the social aspects of health illness and healthcare It explores and explains the different relationships between social categories and health different experiences of illness and the role of the healthcare provider in society rear cover

Working with Disabled People in Policy and Practice Sally French, John Swain, 2011-11-15 Part of Palgrave's Interagency Working in Health and Social Care series this book explores the policy and practice which frames work with disabled people Providing a critical review of the mainstream services available to disabled people it assesses the successes and failures of interagency working and offers a model for future practice

Mental Health Care, Google eBook Catherine Hungerford, Donna Hodgson, Richard Clancy, Tony Jones, Anthony Harrison, Chris Hart, 2012-02-02 A text written for non specialist mental health nursing courses and suitable for undergraduate students from nursing and other health disciplines which is supported by integrated online resources This is an adaptation of a Wiley Blackwell title by Harrison Hart editors Mental Health Care for Nurses designed to meet the needs of undergraduate students Mental Health Nursing is generally a core second year subject and may be taken by nurses paramedics occupational therapists and other health disciplines The focus is not on the general hospital as many nurses and other health professionals in Australia will not necessarily be working in the hospital setting It is important to consider the role of the multidisciplinary team

Oxford Textbook of Musculoskeletal Medicine Michael Hutson, Adam Ward, 2016 This all in one companion to the field of musculoskeletal medicine describes basic concepts and offers practical guidelines for diagnosis and treatment and contains models of care which assist understanding of basic concepts

Social Work Practice Eileen Gambrell, 2012-12-06 The first textbook to emphasize the importance of critical thinking skills to practice this third edition of the classic Social Work Practice retains its unique focus on thinking critically about decisions that social workers make daily Organized around the phases of helping this hands on introduction highlights the decision points that social workers encounter during assessment intervention and evaluation This text together with its companion website provides students with a wealth of hands on exercises for developing and assessing their practice skills Most importantly it helps students enhance client well being by becoming critical thinkers and evidence informed practitioners

Health, Illness, and Society Steven E. Barkan, 2022-12-19 Health Illness and Society Updated Second Edition provides a comprehensive yet concise introduction to medical sociology In his accessible style Steven Barkan covers health and illness behaviors the social determinants of health problems the health professions and health care system in the U S and how the U S system compares to that of other countries The updated second edition adds a new chapter The COVID 19 Pandemic which highlights several ways in which the pandemic exhibits health and health behavior disparities resulting from social inequalities and the deficiencies of the U S health system The book also critically examines the achievements and limitations of the Affordable Care Act and discusses efforts of the Trump administration to weaken the ACA Each chapter opens with learning questions to guide the student and Health and Illness in the News stories that apply each chapter's contents to contemporary events Chapter summaries reinforce key ideas and Give it Some Thought boxes emphasize critical thinking New to the Updated Second Edition New Chapter 14 The COVID 19 Pandemic discusses several ways in which the pandemic reveals health and health behavior disparities New data on medical

students and faculty sexual harassment in medical school and medical school debt provide students with a deeper understanding of the issues facing doctors New health care data on peer nations and discussion of health and health care rankings of U S women provide a critical examination of the quality and cost of health care in the U S versus its peer nations Enhanced examination of health insurance status and surprise medical billing updated survey data on health care costs and a discussion of high deductibles emphasize the patient financial burden created by a private system of medicine

Population and Society Clare Holdsworth, Nissa Finney, Alan Marshall, Paul Norman, 2013-02-01 An excellent introduction to the study of population and its significance for many of the key social political cultural and environmental issues facing the world today It covers population growth ageing migration and mobility parenting health inequalities and much more The authors do not shy away from areas of continuing debate providing both sides of an argument and encouraging readers to follow up the original sources Tony Champion Emeritus Professor of Population Geography Centre for Urban Regional Development Studies Newcastle University and Vice President British Society for Population Studies 2011 2013 Population and Society is an undergraduate introduction to population that explains the latest trends in population studies The text provides a detailed and completely accessible overview that situates demographic events fertility mortality and migration within the context of broader social impacts and theorisations like social inequalities individualisation and life course analysis uses global illustrative examples to demonstrate the importance of data and data interpretation in population studies is illustrated throughout with pedagogic features like chapter opening summaries suggestions for further readings and case study examples This text will be widely used as the standard and most up to date text on population and society for courses across the social sciences

Social Capital Gregory Tripp, Michael Payne, 2009 Social capital may be defined as social networks the norms of reciprocity and trust that arise from them and the application of these assets in achieving mutual objectives Social capital is quite important for the efficient performance of modern economies and for the development of a stable liberal democracy The creation of networks and trust ideas central to mainstream thinking about social capital seem to be fundamental in allowing change to occur smoothly This book proposes certain designs that appear to encourage the social interactions of sense of belonging that lie at the heart of the idea about social capital The role of social capital in the strategic organisation of family businesses are also explored While managers at other firms and government bureaucratic officials have a positive and monotonic relationship with performance that for social capital from politicians has a negative relationship with performance for non family businesses

Social Work and Social Welfare W. Joseph Heffernan, Guy Shuttlesworth, Rosalie Ambrosino, 1997 Underscoring the belief that approaches to social welfare have changed over the decades while the needs to which the social work profession respond remain much the same the authors offer a text that helps students develop a frame of reference to understand social welfare and an approach to address social issues which will serve them well in times of commitment and retrenchment
