**Italo Calvino** Constance Markey,1999 Markey emphasizes the coherence of Calvino s literary production and convincingly and carefully argues that postmodernism first latent and then increasingly and exasperatingly overt is Calvino s essential muse Wiley Feinstein Loyola University Chicago By thoroughly and persuasively interpreting and explaining Calvino s contributions to the postmodern esthetic this book provides not only a better appreciation of postmodern literature but a better understanding of our postmodern world where reality and textuality mingle a world which Calvino anticipated interrogated and ultimately helped to fashion and one which Markey now helps us to perceive and comprehend Sante Matteo Miami University This primer for Italo Calvino fans looks at the international author in English translation appraising his place in world literature and tracing his development as a postmodern writer from the start of his career during World War II to his death in 1985 Constance Markey who knew Calvino personally correlates details of his life with the growth of his thinking and artistry using summaries and analysis of his novels short stories and essays to underscore the link between his life and work Starting with his early writing as a political neorealist she traces his move away from realism first toward modernism and fantasy eventually toward full maturation as a postmodern writer Though Calvino chronicled uncommon events during a turbulent era Markey shows that his writing evolved in a consistent unified and logical way Writing for both the novice Calvino reader and those expert in his work Markey also examines in depth his ties to other authors such as Conrad Beckett Borges Kafka and even Twain She establishes Calvino s influence as a major force in the shaping of 20th century literature and offers a persuasive account of postmodernism Constance Markey teaches Italian at DePaul University where she has served as head of the Italian section She has written widely on Italian and European authors and on film and has published articles in Italica Italian Quarterly and Quaderni d italianistica and book reviews in the Chicago Tribune

**The Mind of Italo Calvino** Dani Cavallaro,2010-03-10 At the time of his death Italo Calvino was internationally regarded as one of Italy s greatest twentieth century writers His approach to literature was remarkably adventurous and he produced a thought provoking oeuvre It invited readers to engage themselves with radical thoughts and philosophies an approach lamentably scarce in contemporary global culture This book examines Calvino s works of fiction in the context of the philosophical ideas he advanced in his theoretical and critical works His was an extraordinarily versatile mind keen on experimenting with a dazzling variety of both fiction and nonfiction forms **Italo Calvino and the Compass of**

**Literature** Eugenio Bolongaro,2003-01-01 Looking at five of Italo Calvino s often neglected early novels The Young People of Po The Cloven Viscount The Baron in the Trees The Non Existent Knight and The Watcher Eugenio Bolongaro argues that these works written between 1948 and 1963 contain a sustained meditation on the role of the intellectual and on the

irreducible ethical and political dimension of literature This meditation provides an insight into a crucial moment in Calvino's development as a writer and allows Bolongaro to lay the groundwork for a more political reading of Calvino's later work *Italo Calvino and the Compass of Literature* firmly situates Calvino within his historical context the cultural revival of post World War II Italy by relating these early novels to Calvino's political and critical writings which played an important role in the cultural debates of the time This approach provides a key to understanding Calvino's work in a new light ably demonstrating that Calvino's full literary significance cannot be understood in isolation from the politics and cultural movements of the period One of the few book length English language works on Calvino's early writings *Italo Calvino and the Compass of Literature* will prove to be an indispensable tool to Italianists and literary studies scholars *Twentieth-century Short Story Explication* Warren S. Walker, 1993 Contains nearly 6000 entries that provide a bibliography of interpretations for short stories published between 1989 and 1990 *Globalisation and Legal Theory* William Twining, 2000-03 The text makes the case for a revival of general jurisprudence in response to globalisation **Twentieth-century Short Story Explication**, 1989 *Calvino's Combinational Creativity* Elizabeth Scheiber, 2016-02-08 Calvino's Combinational Creativity examines the various ways combinatory processes influence the work of the Italian author Italo Calvino Comprising chapters by six literary scholars the volume asserts that the Ligurian writer's creativity often stems from his contemplation of literature even as it investigates the intersection of his work with poets writers and literary movements Each chapter explores a different aspect of Calvino's creativity Natalie Berkman examines Calvino as a reader of Ariosto and provides an analysis of mathematical combinations inspired by Vladimir Propp in *Il castello dei destini incrociati* Discussing the poetic and scientific influence of the Argentine writer Julio Cortázar on Calvino Sara Ceroni then presents *Palomar* as a modernist work of epiphanies This is followed by two chapters investigating different influences on *Cosmicomics* Elio Baldi demonstrates how Calvino's collection of stories appropriates various conventions of the science fiction genre while Elizabeth Scheiber provides a close reading of two tales to show how Calvino uses science as a metaphor to comment on the poetics of Italian authors Gadda D Annunzio Ungaretti and Montale Cecilia Benaglia then proposes Calvino as a reader of Gadda who served not only as an aesthetic influence but also as an epistemological one Finally juxtaposing Calvino with his contemporary Umberto Eco Sebastiano Bazzichetto examines the two authors use of figures of speech as ways of constructing labyrinths *Calvino's Combinational Creativity* takes Calvino studies in new directions as it rethinks how the author's work can be classified and delves into the sources of his inspiration **Encyclopedia of Italian Literary Studies** Gaetana Marrone, Paolo Puppa, 2006-12-26 The *Encyclopedia of Italian Literary Studies* is a two volume reference book containing some 600 entries on all aspects of Italian literary culture It includes analytical essays on authors and works from the most important figures of Italian literature to little known authors and works that are influential to the field The *Encyclopedia* is distinguished by substantial articles on critics themes genres schools historical surveys and other topics related to the overall subject of Italian literary studies The
