Understanding 'Japanese Society' Through Research on the Japanese Overseas - an Anthropological Study of Japanese Enterprise in Malaysia Wendy A. Smith, 1982

Into Japan Tim Odagiri, 2023-09-22 For those who grew up overseas Japan's long history and complex social structures can seem inscrutable Some naysayers even claim that outsiders can never really understand Japan But this island nation its people and its systems are knowable and for those who have made Japan their permanent home gaining cultural literacy is a vital first step to full participation in society *Into Japan* helps prepare the way by examining what Japan is and how it works Its high level overview of Japan's history and civic structures will help immigrants and tourists alike acquire the same background understanding of the nation that its citizens learned just by growing up here Part of the *Understand in One Afternoon* series the book's five short chapters can be consumed in just a few hours In that brief time you will learn about Japan's history its modern Constitution its economy and the key symbols and principles that residents need to know for effective civic engagement Whether you arrived at Narita last week or have been a Tokyo denizen for decades *Into Japan* will prepare you to be an informed involved and contributing member of one of the world's most fascinating and revered nations

Religion and Social Crisis in Japan Mark R. Mullins, Robert Kisala, 2001-05-14 At the time Aum Shinriky emerged most Japanese assumed that they lived in one of the most well ordered and safest societies a model that had much to offer the chaotic Western world This assumption was shaken on 20 March 1995 when the deadly nerve gas sarin was released on the Tokyo subway system Since that incident the Aum affair has had widespread repercussions and shaken the Japanese psyche in a serious way This volume provides a window onto contemporary Japanese society by considering the various reactions and responses to this crisis precipitated by this deviant religious movement

Images Of Japanese Society Hb Ross Mouer, Yoshio Sugimoto, 2013-10-28 The popular image of Japanese society is a stereotypical one that of a people characterised by a coherent set of thought and behaviour patterns applying to all Japanese and transcending time Ross Mouer and Yoshio Sugimoto found this image quite incongruous during their research for this book in Japan They ask whether this stereotype of the Japanese is not only generated by foreigners but

by the Japanese themselves This is likely to be a controversial book as it does not contribute to the continuing mythologising of Japan and the Japanese The book examines contemporary images of Japanese society by surveying an extensive sample of popular and academic literature on Japan After tracing the development of holistic theories about the Japanese commonly referred to as the group model attention is focused on the evaluation of that image Empirical evidence contrary to this model is discussed and methodological lacunae are cited A sociology of Japanology is also presented In pursuit of other visions of Japanese society the authors argue that certain aspects of Japanese behaviour can be explained by considering Japanese society as the exact inverse of the portrayal provided by the group model The authors also present a multi dimensional model of social stratification arguing that much of the variation in Japanese behaviour can be understood within the framework as having universal equivalence

Understanding Japanese Society Zi Wang, 2018 *Japan in the Heisei Era (1989-2019)* Noriko Murai, Jeff Kingston, Tina Burrett, 2022-02-21 Japan in the Heisei Era 1989 2019 provides a retrospective and multidisciplinary account of a society in flux Featuring analyses from leading scholars around the globe this textbook examines the evolving contexts of Japan throughout the Heisei era and how longstanding verities and values have been called into question Asking what this holds for Japan's future relations with the world and within its own communities chapters delve beneath the layers of a complex and increasingly diverse society exploring topics including simmering ethnonationalism economic torpor political stagnation and cultural dynamics Features of this textbook include Analysis of key social issues ranging from immigration civil society press freedom politics labour and the economy to diversity the marginalisation of women Shinto and Aum Shinrikyo Evaluation of the legacy of Emperor Akihito on war memory the imperial institution art regional relations and constitutional revision Multidisciplinary insights from both the social sciences and humanities Rich illustrations for visual analysis of developments in contemporary Japanese literature film art and pop culture Providing students with dynamic analyses of how contemporary Japanese society continues to transform this textbook is essential reading for students of Japanese Studies including Japanese culture society history and politics The Introduction and Chapter 19 of this book are freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Journal of International Students, 2018 Vol. 8 (4) Krishna Bista, Chris Glass, The Journal of International Students JIS an academic interdisciplinary and peer reviewed publication Print ISSN 2162 3104 Online ISSN 2166 3750 publishes scholarly peer reviewed articles on international students in tertiary education secondary education and other educational settings that make significant contributions to research policy and practice in the internationalization of higher education

Japanese Society Chie Nakane, 1972-02 A brilliant wedding of national character studies and analyses of small societies through the structural approach of British anthropology One is of course reminded of Ruth Benedict's *Chrysanthemum and the Sword* which deals also with Japanese national culture Studies by Margaret Mead and Geoffrey Gorer deal with other national cultures however

all of these studies take off from national psychology Professor Nakane comes to explanation of the behavior of Japanese through analysis rather of historical social structure of Japanese society beginning with the way any two Japanese perceive each other and following through to the nature of the Japanese corporation and the whole society Nakane s remarkable achievement which has already given new insight about themselves to the Japanese promises to open up a new field of large society comparative social anthropology which is long overdue Sol Tax This is an important book Robert E Cole Journal of Asian Studies If you have time for just one book on Japan try this one David Plath Asian Student Should be taken to heart by everyone who has dealings with Japan Even those or perhaps most of all those who know Japan intimately will be grateful to Professor Nakane for her brilliant study Times Literary Supplement **Japanese Culture and Society** Josef Kreiner,Hans-Dieter Ölschleger,1996 **The Integration of Conformity and Competition** Takeshi Ishida,1980 □□□□ □□□□ □□·□□,2009-02 Social sciences Understanding Japanese Buddhism ,1978 **Kwansei Gakuin University Annual Studies** ,1988
