Ethical Practice in Social Work Michael Collingridge, Steven Curry, 2020-07-17 This innovative text shows why ethics is so important for social work practice that it is not simply a way of defining and understanding what is good in practice but is a means by which social work and other caring professions can actually achieve good practice Professor Richard Hugman University of NSW This book integrates ethical theory and political philosophy into a clear yet challenging framework for ethical action in social work Firmly grounded in practice examples it will be of great interest both to students and practitioners in the field Professor Sarah Banks Durham University In an increasingly fragmented and regulated world the authors of *Ethical Practice in Social Work* argue that social work has become detached from its ethical roots Their aim is to reinstate ethics as the driving force of good social work and welfare practice *Ethical Practice in Social Work* provides the tools to develop essential ethical decision making and problem solving skills Taking an applied approach with case studies in each chapter the authors demonstrate how ethical principles can be used to transform practice into an effective inclusive and empowering process for both professionals and their clients They discuss the ethical principles social workers have

traditionally adhered to the role of the good social worker in the contemporary context professionalism and the way in which ethics can be used to reconcile the often differing demands of employers community groups clients the profession and their own personal values Ethical Practice in Social Work is a valuable professional reference and student text *Key Concepts and Theory in Social Work* David Hodgson,Lynelle Watts,2017-06-09 Social work is a discipline committed to social justice and human rights and to improving the well being of individuals families communities and societies But the world is changing with environmental disasters an increase in violent conflict and the aftermath of the Global Financial Crisis impacting negatively on human and ecological well being Social workers are often working at the forefront of these and other challenging situations and they must apply knowledge and skills to their practice in a thoughtful and ethical way What kind of knowledge and skills will social workers need to succeed in this intellectually and emotionally demanding job Broad ranging in scope and depth this highly readable text introduces readers to the key concepts in social work such as empathy reflective practice and notions of risk and provides both a focus on the theory and research literature that informs each one and an examination of how each will aid practitioners in their day to day work With the help of engaging practice examples that contextualize the topics under discussion the book also draws on ideas and literature from other disciplines including philosophy sociology and psychology in order to promote the open mindedness and depth of understanding required for practice with people from all walks of life An accessible text that brings all of the major social work concepts together in one place **Key Concepts and Theory in Social Work** is an essential book for students and practitioners alike **Contemporary Perspectives on Social Work & the Human Services** Ian O'Connor,Jeni Warburton,Paul Smyth,2000 The social and community services labour market is growing rapidly but profound changes in attitude to the roles of government market and civil society are resulting in radical administrative reforms which are affecting the delivery of human services These institutional shifts are reshaping the nature of the social and community services as well as workplaces career structures and professional identities of social workers and human service workers This book contributes to the development of a new intellectual agenda and brings together in one volume much of the best opinion available in Australia It describes and analyses the national and international trends affecting human service delivery social policy formation and the future of the welfare state **Occupational Therapy for People Experiencing Illness, Injury or Impairment E-Book (previously entitled Occupational Therapy and Physical Dysfunction)** Michael Curtin,Mary Egan,Jo Adams,2016-12-16 The sixth edition of this classic book remains a key text for occupational therapists supporting their practice in working with people with physical impairments stimulating reflection on the knowledge skills and attitudes which inform practice and encouraging the development of occupation focused practice Within this book the editors have addressed the call by leaders within the profession to ensure that an occupational perspective shapes the skills and strategies used within occupational therapy practice Rather than focusing on discrete diagnostic categories the book presents a range of strategies that with the

use of professional reasoning can be transferred across practice settings The new editors have radically updated the book in response to the numerous internal and external influences on the profession illustrating how an occupational perspective underpins occupational therapy practice A global outlook is intrinsic to this edition of the book as demonstrated by the large number of contributors recruited from across the world Covers everything the student needs within the physical disorders part of their course Links theory of principles to practice and management Written and edited by a team of internationally experienced OT teachers clinicians and managers Gives key references and further reading lists for more detailed study Written within a framework of lifespan development in line with current teaching and practice Includes practice scenarios and case studies Focuses on strategies New title echoes the contemporary strength based and occupation focused nature of occupational therapy practice which involves working with people and not medical conditions and diagnoses Content and structure reviewed and shaped by an international panel of students new graduates 22 additional chapters 100 expert international contributors Evolve Resources evolve elsevier com Curtin OT contains 3 bonus interactive practice stories with reflective videos 360 MCQs 200 reflective questions 250 downloadable images Critical discussion of the ICF in the context of promoting occupation and participation Pedagogical features summaries key points and multiple choice and short answer reflective questions

Challenges, Opportunities and Innovations in Social Work Field Education Ronnie Egan, Nicole Hill, Wendy Rollins, 2020-11-12 This book collates and analyses the current research debates opportunities and practices in social work field education into one volume and contextualises this material within the broader context of social work Current concerns about risk and uncertainty in field education are explored from multiple stakeholder perspectives Social work field education is an integral component of social work education yet its sustainability is increasingly challenged Issue such as finding enough quality placements with accredited social workers curriculum development student diversity and placement assessment of learning are being examined by researchers and practitioners alike This represents a challenge for the social work profession generally By drawing on traditional and alternative pedagogical perspectives on field education and constructions of risk and uncertainty evident in current discourse the book presents innovative responses to existing challenges Providing a reference point for future knowledge building in sustainable field education pedagogy and practice this book will interest university field education programs and industry field educators internationally

Practice Skills in Social Work and Welfare Jane Maidment, Ronnie Egan, Raewyn Tudor, Sharlene Nipperess, 2022-12-30 Practice Skills in Social Work and Welfare has established itself as the essential text to prepare students for the wide ranging challenges they will face in today's human service sector This new fourth edition continues the text's core strength of connecting theory with practical examples to build the reader's confidence and expertise in key areas of practice Part 1 outlines the critical social work and strengths based practices that underpin the book's approach and provides the context for learning practice skills in a group setting during community development projects and with individuals and families Part 2 focuses on developing

effective relationships with service users illustrating through realistic scenarios how social work and human service practitioners can apply their practice skills in a range of settings In Part 3 the essential elements of client assessment are explored including risk assessment and cross cultural perspectives Issues surrounding intervention are examined in Part 4 from working with families and groups to challenging constructively and safely while research evaluation and facilitating closure are covered in the final part This fourth edition is fully revised and updated and features new material on working with technology Pasifika communities LGBTQI service users and culturally responsive practice

Social Work and Social Policy in Australia Adrian Robert Vicary,1998 *Sociological Abstracts* Leo P. Chall,2004 CSA Sociological Abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences The database provides abstracts of journal articles and citations to book reviews drawn from over 1 800 serials publications and also provides abstracts of books book chapters dissertations and conference papers

Social Work Models, Methods and Theories Paul Stepney,Deirdre Ford,2000 In a climate for practice increasingly shaped by global economic and social forces the importance of a reflective discourse about the place of theory in practice is paramount This book argues how social work can be a credible and relevant factor in the lives of people who use its services

Breakthroughs in Practice Lindsey Napier,Jan Fook,2000 Professional practice is in crisis The formal theoretical knowledge on which practitioners base their practice is often outstripped by rapid changes in the contexts of this practice The unpredictability of workplace and broader contexts often renders existing traditional practices irrelevant or ineffective How can practitioners develop new ways of working which are flexible and responsive The reflective approach whereby practitioners draw out their theories of action directly from their own practice is becoming increasingly popular as a new approach which enables breakthroughs in practice impasses Yet reflectivity is often difficult to teach and learn because it challenges traditional often unquestioned paradigms of knowledge development Therefore rather than simply arguing for a reflective approach this book makes a unique contribution by actually modelling the use of the reflective approach in practice Students educators and practitioners are able to read illustrations of how individual social workers used a reflective process to break through specific dilemmas in their practice Thus they are enabled to understand a reflective approach by gaining in insight into their experience of it Contributors to this volume come from Australia the United Kingdom and North America Their personal backgrounds are diverse They report on seminal experiences in a wide range of settings from community work in the Gorbals to hospice care in Sydney from child protection to work with addictions The book will appeal to Trainers and managers in social work social care and health Social work students and trainees Social work academics Professional and vocational educators generally who are interested in gaining practical insights into the development of reflective understanding Lindsey Napier is Senior Lecturer in Social Work at the University of Sydney Jan Fook is Professor of Social Work Deakin University Geelong Australia
