The Harmonya Chronicles Book 15 of the Dragon Warriors The War for Peace Part 1 The Last Siege Seven million warriors Twenty five days One plain that has held the weight of a war older than memory The siege of Eldoria is not what it appears Neither are the seven standing at its front For twenty five days the Dragon Warriors have shown the enemy only what the enemy expected to see The Phantoms have measured catalogued and built their portraits with perfect precision What they cannot know is that a portrait only captures what the subject chose to reveal The moment of revelation is coming And what was withheld is not more of the same This is not the book of strategy It is not the book of numbers or formations or the grinding arithmetic of a siege that neither side can afford to lose It is the book of what happens when warriors who have spent lifetimes learning to contain what they are finally stop containing it The debt has come due The plains of Luminalis are waiting And somewhere beyond the eastern horizon patient certain watching something is being held in reserve that no one on the plain has yet accounted for The last siege has begun The question is no longer who is stronger The question is who is actually standing there Lets dive in
