

**WORKING WIVES/
WORKING HUSBANDS**

Joseph H. Pleck

NEW PERSPECTIVES ON FAMILY

Working Wives Working Husbands

Joel Wolfe

Working Wives Working Husbands:

Working Wives/Working Husbands Joseph H. Pleck, National Council on Family Relations, 1985 Based on two sample surveys examines husbands participation in family work in relation to wives employment wives desires for greater husband participation sex role attitudes and psychological involvement

Working Wives, Working Husbands Joseph H. Pleck, 1985

Working Women, Working Men Joel Wolfe, 1993 In *Working Women Working Men* Joel Wolfe traces the complex historical development of the working class in S o Paulo Brazil Latin America s largest industrial center He studies the way in which S o Paulo s working men and women experienced Brazil s industrialization their struggles to gain control over their lives within a highly authoritarian political system and their rise to political prominence in the first half of the twentieth century Drawing on a diverse range of sources oral histories along with union industry and government archival materials Wolfe s account focuses not only on labor leaders and formal Left groups but considers the impact of grassroots workers movements as well He pays particular attention to the role of gender in the often contested relations between leadership groups and thee rank and file Wolfe s analysis illuminates how various class and gender ideologies influenced the development of unions industrialists strategies and rank and file organizing and protest activities This study reveals how workers in S o Paulo maintained a local grassroots social movement that by the mid 1950s succeeded in seizing control of Brazil s state run official unions By examining the actions of these workers in their rise to political prominence in the 1940s and 1950s this book provides a new understanding of the sources and development of populist politics in Brazil

Working Couples Rhona Rapoport, Robert N. Rapoport, Janice M. Bumstead, 1978 *Working couples* deals with husbands and wives who both hold paid jobs The editors the late Robert N and Rhona Rapoport had established themselves as well respected authorities on dual career families and in this study they call upon other specialists in the field to apply their research experience to the consideration of the particular problems confronting working couples at the time They discuss how some of these issues had arisen and analyse how they were being dealt with in a number of contexts Working couples at the time were subject to constraints of various kinds in meeting the challenges they faced and there were many who rejected the lifestyle on these grounds but there were many others for whom it worked Numerous families were attempting to operate the pattern in new ways Both may have separate jobs and her income may not only be separate from his but in some cases larger and more reliable Such a situation creates its own problems which need to be resolved The authors look at and clarify some of the generic issues and discover which resolutions have been satisfactory as well as the various devices created for helping dual worker families to function
