World Destroyed:

Time Travel Nikk Effingham,2020 Time travel is metaphysically possible Nikk Effingham contends that arguments for the impossibility of time travel are not sound Focusing mainly on the Grandfather Paradox Effingham explores the ramifications of taking this view discusses issues in probability and decision theory and considers the potential dangers of travelling in time *The World's Work* ,1924 *The World's Progress* George Palmer Putnam,1851 *The Existence* Theodore Ihejieta,2018-12-21 *The Existence* By Theodore Ihejieta *The Existence* is a book of love and life that talks about the world as the existence of human beings and tells human beings to understand that the world is the love and the life It is a book of Planet Earth which the Planet Earth gave to the author because the author asked the Planet Earth for the book of the world The author is a human being who lost faith in God and called on Planet Earth to do work and save human beings from evil and death in the world This is a book of a human being who was challenged by evil and death in the world and the human being called on his existence for help and protection The author did not like to die in the world and told his existence that he did not want to die because the author believed that Planet Earth has the power to save human beings in the world *The Existence* is the faith the hope and the charity that God challenged human beings to find and tell the mountain of evil and death to move away from human beings

The Works of Philo Charles Duke Philo,1991-10 While it would not be correct to say that Philo s works have been lost Scholars have always known and used Philo they have essentially been misplaced as far as the average student of the Bible is concerned Now the translation of the eminent classicist C D Yonge is available in an affordable easy to read edition with a new foreword and newly translated passages and containing supposed fragments of Philo s writings from ancient authors such as John of Damascus The title and arrangement of the writings have been standardized according to scholarly conventions A contemporary of Paul and Jesus Philo Judaeus of Alexandria Egypt is unquestionably among the most important writers for historians and students of Hellenistic Judaism and early Christianity Although Philo does not explicitly mention Jesus or Paul or any of the followers of Jesus Philo lived in their world It is from Philo for example that we learn about how like the Gospel of John Jews and Greeks in the Greco Roman world spoke of the creative force of God as God s Logos Philo too employs interpretive strategies that parallel those of the author of Hebrews Most scholars would agree that Philo and the author of Hebrews are drawing from the same or at least similar traditions of Hellenistic Judaism With these kind of connections to the world of Judaism and early Christianity Philo cannot be ignored
