The Essential Thucydides: On Justice, Power, and Human Nature Thucydides,Paul Woodruff,2021-11-03 Thucydides was the first ancient Greek historian to double as a social scientist He set out to understand human events entirely in human terms without recourse to myth He sought to know why people go to war and how they are affected by its violence He studied the civil war in Corcyra which began when radicals burst into the council house and killed leaders who favored democracy The strengths and weaknesses of democracy are a major theme of his History Its larger story shows how the Athenians tried to expand their empire too far and came to a crushing defeat Here are vivid stories of land and sea battles interspersed with fascinating and disturbing debates about war and policy All of Thucydides s History is here either in summary or translation in a volume short enough for a wide readership This Second Edition is expanded to include all the important debates and battle scenes and the entire translation has been revised in accord with the latest scholarship The Essential Thucydides Hackett fall 2021 is the second edition of Paul Woodruff s On Justice Power and Human Nature Selections from The History of the Peloponnesian War first published by Hackett Publishing Company in 1993 paperback ISBN 978 0 87220 168 2 cloth ISBN 978 0 87220 169 9
