## Stories From Yard:

**How Long is a Yard? Stories to Read and Tell** Cyril James Davey, 1966      Stories from Yard Alecia McKenzie, 2005  
Fear and bitterness pollute the ground from which the characters of these stories mostly young and female struggle to grow  
With so many bad seeds mostly male taking root around them with sexual violence neglectful and brutal fathers jealousy lies  
and prejudice obscuring their light their blossoming is always under threat But in these diverse subtly constructed stories  
there is often a glimmer of hope in a girl s tentative resistance to general prejudice about madmen or in the silence on a  
phone line between estranged friends where forgiveness may or may not come In the stories set in Jamaica life is hard and  
the comforts of away are idealized But in the cold of the streets of the North there is no passport to success for the people of  
yard Only their resilience optimism humour and friendship and the comforts of beer and ganja help them make their way And  
in the diaspora dance of the different immigrant nations struggling to find their place in Europe or North America new  
connections and new possibilities are being created But if these stories are coolly unsentimental there is also room for  
humour and moments of joy as when Marie a middle aged Jamaican reggae singer finds the sweet flavour of cane juice  
lingering on her young Brazilian lover s tongue Alecia McKenzie was born and grew up in Kingston Jamaica Her short stories

**Conrail the Early Years Stories from the Front 50th Anniversary Edition** Stephen Frasher, 2026-02-16 Conrail The  
Early Years Stories from the Front 50th Anniversary Edition is a firsthand historical account of the transformation of the  
Consolidated Rail Corporation from a government created rescue of six bankrupt railroads into one of the most successful  
freight railroads in the United States Formed in 1976 amid widespread skepticism Conrail faced enormous operational  
financial and regulatory challenges Drawing on eight years of experience in frontline operations and management author  
Stephen Frasher weaves together personal stories with broader corporate and industry events to illustrate how thousands of  
employees along with innovative leadership rebuilt a failing railroad into a profitable enterprise This expanded anniversary  
edition broadens the original narrative to include pivotal legislative reforms evolving management strategies and key  
corporate accomplishments that shaped Conrail s success while maintaining the human perspective of those working in yards  
divisions and regional offices across the system Written for both railroad enthusiasts and general readers the book offers an  
engaging accessible look at one of the most remarkable turnarounds in American transportation history      **Bahama songs**
