Terrible Threes:

The Terrible Threes Ishmael Reed, 1999-09-01 In *The Terrible Threes* Ishmael Reed proves that he is one of the most innovative voices in contemporary literature This adventure into the world of offbeat humor and on target social criticism is a vision of America in the not too distant future a portrait of a fairy tale gone awry This novel begins where *The Terrible Twos* left off in the late 1990s three years after President and former fashion model Dean Clift was laughed out of office with the nation in chaos and the White House implicated in a covert operation to rid America of surplus people and the Third World of its nuclear weapons A blend of science fiction folklore history fantasy social satire and all out surrealist comedy *The Terrible Threes* bears Reed s distinctive voice and message At once a threat a promise a prediction and the awful truth about the land of the free and the home of the brave the tale is wholly unforgettable Once you ve seen the world through Reed s eyes you might never see it the same way again

Aggressive Fictions Kathryn Hume, 2012-01-15 A frequent complaint against contemporary American fiction is that too often it puts off readers in ways they find difficult to fathom Books such as Bret Easton Ellis s *American Psycho* Katherine Dunn s *Geek Love* and Don DeLillo s *Underworld* seem determined to upset disgust or annoy their readers or to disorient them by shunning traditional plot patterns and character development Kathryn Hume calls such works aggressive fiction Why would authors risk alienating their readers and why should readers persevere Looking beyond the theory based justifications that critics often provide for such fiction Hume offers a commonsense guide for the average reader who wants to better understand and appreciate books that might otherwise seem difficult to enjoy In her reliable and sympathetic guide Hume considers roughly forty works of recent American fiction including books by William Burroughs Kathy Acker Chuck Palahniuk and Cormac McCarthy Hume gathers attacks on the reader into categories based on narrative structure and content Writers of some aggressive fictions may wish to frustrate easy interpretation or criticism Others may try to induce certain responses in readers Extreme content deployed as a tactic for distancing and alienating can actually produce a contradictory effect for readers who learn to relax and go with the flow the result may well be exhilaration rather than revulsion
