

Terror And Taboo

Joseba Zulaika

Terror And Taboo:

Terror and Taboo Joseba Zulaika, William A. Douglass, 1996 *Terror and Taboo* is about the mythography of terror. It aims to unveil the semantics of the culture of terror and thereby demystify and disenchant the obsession with terrorism and remove the taboos surrounding it.

Terrorism Joseba Zulaika, 2009-12-15 In counterterrorism circles the standard response to questions about the possibility of future attacks is the terse one liner: Not if but when. This mantra supposedly conveys a realistic approach to the problem but as Joseba Zulaika argues in *Terrorism* it functions as a self fulfilling prophecy. By distorting reality to fit their own worldview the architects of the War on Terror prompt the behavior they seek to prevent a twisted logic that has already played out horrifically in Iraq. In short Zulaika contends counterterrorism has become pivotal in promoting terrorism. Exploring the blind spots of counterterrorist doctrine Zulaika takes readers on a remarkable intellectual journey. He contrasts the psychological insight of Truman Capote's *In Cold Blood* with The 9/11 Commission Report, plumbs the mindset of terrorists in works by Orianna Fallaci and Jean Genet, maps the continuities between the cold war and the fight against terrorism and analyzes the case of a Basque terrorist who tried to return to civilian life. Zulaika's argument is powerful, inventive and rich with insights and ideas that provide a new and sophisticated perspective on the War on Terror.

Unspeakable Peter C. Herman, 2019-09-17 *Unspeakable: Literature and Terrorism from the Gunpowder Plot to 9/11* explores the representation of terrorism in plays, novels and films across the centuries. Time and time again writers and filmmakers including William Shakespeare, Joseph Conrad, Henry James, Gillo Pontecorvo, Don DeLillo, John Updike and Steven Spielberg refer to terrorist acts as beyond comprehension, a deed without a name but they do not stop there. Instead of creating works that respond to terrorism by providing comforting narratives, reassuring audiences and readers of their moral superiority and the perfidy of the terrorists, these writers and filmmakers confront the unspeakable by attempting to see the world from the terrorist's perspective and by examining the roots of terrorist violence.

The Oxford Handbook of Terrorism Erica Chenoweth, Richard English, Andreas Gofas, Stathis N. Kalyvas, 2019-03-19 *The Oxford Handbook of Terrorism* systematically integrates the substantial body of scholarship on terrorism and counterterrorism before and after 9/11. In doing so it introduces scholars and practitioners to state of the art approaches, methods and issues in studying and teaching these vital phenomena. This Handbook goes further than most existing collections by giving structure and direction to the fast growing but somewhat disjointed field of terrorism studies. The volume locates terrorism within the wider spectrum of political violence instead of engaging in the widespread tendency towards treating terrorism as an exceptional act. Moreover the volume makes a case for studying terrorism within its socio-historical context. Finally the volume addresses the critique that the study of terrorism suffers from lack of theory by reviewing and extending the theoretical insights contributed by several fields including political science, political economy, history, sociology, anthropology, criminology, law, geography and psychology. In doing so the volume showcases the analytical advancements and reflects on the challenges that

remain since the emergence of the field in the early 1970s

The Cultural Imaginary of Terrorism in Public

Discourse, Literature, and Film Michael C. Frank, 2017-06-14 This study investigates the overlaps between political discourse and literary and cinematic fiction arguing that both are informed by and contribute to the cultural imaginary of terrorism Whenever mass mediated acts of terrorism occur they tend to trigger a proliferation of threat scenarios not only in the realm of literature and film but also in the statements of policymakers security experts and journalists In the process the discursive boundary between the factual and the speculative can become difficult to discern To elucidate this phenomenon this book proposes that terror is a halfway house between the real and the imaginary For what characterizes terrorism is less the single act of violence than it is the fact that this act is perceived to be the beginning or part of a potential series and that further acts are expected to occur As turn of the century writers such as Stevenson and Conrad were the first to point out this gives terror a fantastical dimension a fact reinforced by the clandestine nature of both terrorist and counter terrorist operations Supported by contextual readings of selected texts and films from *The Dynamiter* and *The Secret Agent* through late Victorian science fiction to post 9 11 novels and cinema this study explores the complex interplay between actual incidents of political violence the surrounding discourse and fictional engagement with the issue to show how terrorism becomes an object of fantasy Drawing on research from a variety of disciplines *The Cultural Imaginary of Terrorism* will be a valuable resource for those with interests in the areas of Literature and Film Terrorism Studies Peace and Conflict Studies Trauma Studies and Cultural Studies

Figure of the Terrorist in Literature and Visual Culture Michael C. Frank, Maria

Flood, 2023-05-29 The contemporary preoccupation with terrorism is marked by a curious paradox whereas the topic has been ubiquitous in public discourse since the late twentieth century the voices of terrorists themselves are usually silenced Is the terrorist the quintessential proscribed or tabooed figure of our times as cultural anthropologists Joseba Zulaika and William A Douglass have suggested The present volume is the first to approach the tabooing of terrorists from an interdisciplinary and comparative perspective Covering a broad geographical scope it explores how different media forms such as novels fiction and non fiction films or comic books frame and make sense of the figure of the terrorist do they reinforce the terrorism taboo or do they find ways of circumventing it Each contribution asks how factors such as ideological agenda religious identity ethnicity and gender impact the way the perpetrators of political violence are conceived in different historical moments and cultural contexts

Confessions of a Terrorist (The Declassified Document) Professor Richard

Jackson, 2015-06-11 P Who is the real terrorist in this room M What are you saying In a claustrophobic concrete cell two men face each other across a bare table One is a wanted terrorist the other a British intelligence officer But this is no ordinary interrogation and as they talk deep into the night and violent secrets are revealed the line between interrogator and confessor begins inextricably to blur Who then is the real terrorist And will they pay for their guilt in blood

Terrorism and Literature Peter C. Herman, 2018-09-13 Terrorism has long been a major shaping force in the world However the

meanings of terrorism as a word and as a set of actions are intensely contested This volume explores how literature has dealt with terrorism from the Renaissance to today inviting the reader to make connections between older instances of terrorism and contemporary ones and to see how the various literary treatments of terrorism draw on each other The essays demonstrate that the debates around terrorism only give the fictive imagination more room and that fiction has a great deal to offer in terms of both understanding terrorism and our responses to it Written by historians and literary critics the essays provide essential knowledge to understand terrorism in its full complexity As befitting a global problem this book brings together a truly international group of scholars with representatives from America Scotland Canada New Zealand Italy Israel and other countries

An Introduction to the History of Religion Frank Byron Jevons,1911 *States of Terror* Begoña Aretxaga,2005 *States of Terror* is the posthumous work by Begona Aretxaga 1960 2002 This volume includes most of her published and a few unpublished essays At the time of her death she was trying to complete the book manuscript *States of Terror* for which sex essays had already been published and three more were ready for publication This volume gives some sense of unity to these scattered pieces
