Teutonic Knights

Charles River Editors

Teutonic Knights:

The Teutonic Knights William Urban, William L. Urban, 2011 First published in Great Britain in 2003 by Greenhill Books Lionel Leventhal Limited Title page verso Teutonic Knight David Nicolle, 2007-11-20 Osprey's study of Teutonic Knights from 1190 to 1561 The Military Order of Teutonic Knights was one of the three most famous Crusading Orders the others being the Templars and the Hospitallers Like these two the Teutonic Knights initially focused upon the preservation of the Crusader States in the Middle East Wielding their swords in the name of their faith the crusading knights set out to reclaim Jerusalem Unlike the Templars they survived the crises of identity and purpose which followed the loss of the last Crusader mainland enclaves in the late thirteenth century and like the Hospitallers they managed to create a new purpose and a new field of combat for themselves Whereas the Hospitallers focused their energies in the eastern Mediterranean battling against Muslim armies the Teutonic Knights shifted their efforts to the Baltic to the so called Northern Crusades against pagan Prussians and Lithuanians and to a lesser extent against Orthodox Christian Russia As a result the Order of Teutonic Knights became a significant power not only in the Baltic but in north central Europe as a whole Paradoxically however it was their fellow Catholic Christian Polish neighbours who became their most dangerous foes breaking the Order's power in the mid fifteenth century The Teutonic Knights lingered on in what are now Estonia and Latvia for another century but this was little more than a feeble afterglow This title will examine this fascinating military and religious order in detail revealing the colourful history of the crusades within Europe itself which inexorably changed the future of the continent **The Teutonic Knights** Nova Ashford, The Teutonic Order one of the most formidable military orders of the medieval period traces its origins to the Third Crusade a time when religious fervor and territorial expansion collided in the Holy Land The order itself was initially founded in 1190 in the aftermath of the Crusaders siege of Acre during the height of Christian efforts to reclaim Jerusalem from Muslim forces It began as a group of German merchants and pilgrims who sought to offer aid to their fellow Crusaders providing medical care and logistical support Initially the Teutonic Knights were not a military force but over time their role evolved as they became increasingly involved in the defense and expansion of Christian interests in the East The Teutonic Order was officially established in 1198 with the recognition of its rules and constitution by the Pope This solidified the group's transformation from a charitable organization to a formal military order following the same model as the more famous Knights Templar and Knights Hospitaller Its primary objective was to protect Christian pilgrims traveling to the Holy Land though its military role grew significantly as it participated in various campaigns during the Crusades Unlike the other military orders the Teutonic Knights were composed largely of German speaking members which shaped their unique character The order's early efforts were focused on supporting the Crusader states in the Holy Land but it quickly turned its attention to the north where opportunities for expansion and Christianization lay In 1202 the Teutonic Order's leadership began to focus on the Baltic region where pagan tribes like the Prussians Lithuanians and Latvians resisted Christianization

The Knights saw an opportunity to extend the reach of Christianity and their own influence in the region ultimately leading to their mission in the Baltic that would shape the future of the order

[The Last Years of the Teutonic Knights](#) William Urban, 2018-11-30 The most comprehensive account available of the final years of the crusading military order from the acclaimed author of *Medieval Mercenaries* Baltische Historische Kommission The Battle of Grunwald was one of the largest battles in Medieval Europe and was the most important in the histories of Poland and Lithuania It was fought on 15 July 1410 during the Polish Lithuania Teutonic War between the alliance of the Kingdom of Poland led by King Jagiello and the Grand Duchy of Lithuania led by Grand Duke Vytautas against the German Prussian Teutonic Knights led by Grand Master Ulrich von Jungingen and with the assistance of Sigismund then King of Hungary and Croatia The Teutonic Knights a crusading military order were defeated and most of their leaders were killed or taken prisoner This defeat would mark the beginning of their decline and they would never again regain their former power Following the battle the balance of power shifted in Central and Eastern Europe and so came the rise of the Polish Lithuanian union as the dominant political and military force In this compelling account the action takes place in Lithuania Poland the Czech Republic Hungary Russia and Germany There are bloody battles fascinating characters intrigue betrayals sex unexpected twists of fate religious heresy and a smattering of saints There is also the monumental end of one era making way for the beginning of another While there has long been interest on the crusades outside of the Holy Land this book is unique in the sheer breadth and depth of its research A must read for those seeking scholarly work on this pivotal period of European history *Journal of Military History*

The Teutonic Knights Henryk Sienkiewicz, 1943 The Teutonic Knights is an epic of medieval times and national destiny ranking as one of the highest achievements from the pen of Henryk Sienkiewicz the Nobel Prize winner for Literature in 1905 The novel follows the adventures of Macko a resourceful and wise veteran of war and his young nephew Zbyszko the symbol of a maturing nation as they struggle along with the unified peoples of Poland and Lithuania against the oppressive religious military order the Teutonic Knights Among the many memorable characters are Jurand a merciless bitter fighter consumed with revenge his daughter the innocent Danusia a girl of twelve who must face the barbarity of the German knighthood the strong willed Jagienka equally adept at shooting a crossbow or administering an estate Hlawa a Czech squire of noble birth who is as quick with his wit as he is with his axe Sanderus a peddler of religious relics and indulgences whose earthly cravings seem greater than any spiritual needs A host of other memorable characters fills the canvas set against lush almost magical forests dangerous marshes replete with tales of human heads walking on spider legs winter blizzards that blanket the world in a white wonderland all at once beautiful and foreboding Splendid castles are described here court hunts single combats that test valor and strength The customs of knights with their code of honor and feelings of love are adroitly explored The entirety culminates in one of the most important battles in medieval history the Battle of Grunwald The Teutonic Knights was published in America in 1900 in various competing translations of erratic quality Not until 1943 did a

translation worthy of this masterpiece appear but unfortunately its release was limited to Great Britain

The Teutonic Knights in the Holy Land, 1190-1291 Nicholas Edward Morton, 2009 The Teutonic Order was founded in 1190 to provide medical care for crusaders in the kingdom of Jerusalem In time it assumed a military role and played an important part in the wars of the Christian territories in the Eastern Mediterranean and in the Baltic regions of Prussia and Livonia In the Levant the brethren fought against the neighbouring Islamic powers while managing their turbulent relations with their patrons in the papacy and the German Empire As the Order grew it colonised territories in Prussia and Livonia forcing it to address how it would distribute its resources between the Baltic and the Mediterranean Similarly the brethren needed to develop an organisational framework that could support the conduct of war on frontiers that were divided by hundreds of miles This book the first comprehensive analysis of the Order in the Holy Land explores the formative years of this powerful international institution and places its deeds in the Levant within the context of the wider Christian pagan and Islamic world It examines the challenges that shaped the Order's identity and the masters who planned its policies Book Jacket

The Teutonic Knights Charles River Editors, 2017-06-27 Includes pictures Includes contemporary accounts of the Knights their leaders and their history Includes online resources and a bibliography for further reading Women and children were taken captive What a jolly medley could be seen Many a woman could be seen Two children tied to her body One behind and one in front On a horse without spurs Barefoot had they ridden here The heathens were made to suffer Many were captured and in every case Were their hands tied together They were led off all tied up Just like hunting dogs Austrian poet Peter Suchenwirt As the dissipating fog gave way to an unnerving sight the mass of frightening figures clad head to toe in gleaming armor would have been enough to take anyone's breath away Some of them were mounted on the backs of handsome stallions while others leaned forward with squared shoulders ready to attack In one swift motion the men unsheathed their swords and raised it over their heads their weapons winking as the glare of the sunlight bounced off the blade To the somewhat trained eye these warriors in Norman inspired gear would have appeared to be one of the Crusader forces but it is that bold black cross painted across their chests and shields that give them away These men were none other than the fabled Teutonic Knights The knights of the Teutonic Order have since been compared to the surreal creature that appeared to the biblical Ezekiel one that bore 2 faces one of a man's and one of a lion's The human side of the creature is said to symbolize the order's charity whereas the lion was a metaphor for its valor and gallant spirit which they relied on to vanquish the heathens of the world Like other secretive groups the mystery surrounding the Teutonic Knights has helped their legacy endure While some conspiracy theorists attempt to tie the group to other alleged secret societies like the Illuminati other groups have tried to assert connections with the Teutonic Knights to bolster their own credentials Who they were and what they had in their possession continue to be a source of great intrigue even among non historical circles The Teutonic Knights The History and Legacy of the Catholic Church's Most Famous Military Order explores the brotherhood's origins the highs and lows of its

conquests as well as the chinks in the armor that led to the order's inevitable tumble from the top. Along with pictures depicting important people, places, and events, you will learn about the Teutonic Knights like never before. *A Psychoanalytic History of the Jews* Avner Falk, 1996. This includes the evolution of the Hebrew religion as a projective response to the inner conflicts produced by the human family, the sociopsychological development of the Israelite kingdoms in Canaan, the fascinating duality of Jewish life in the Diaspora, and the emotional ties of the Jews to their idealized motherland from the Babylonian exile to modern political Zionism. **The Teutonic Knights** Aleksander Pluskowski, 2024-07-06. A gripping account of the rise and fall of the last great medieval military order. This book provides a concise and incisive introduction to the knights of the Teutonic Order, the last of the great military orders established in the twelfth century. The book traces the Order's evolution from a crusader field hospital into a major territorial ruler in northeastern Europe. Notably, the knights constructed distinctive fortified convents, including their headquarters in Western Christendom's largest castle. The narrative concludes with the Order's fifteenth-century decline due to the combined effects of a devastating war with Poland, Lithuania, and the Protestant Reformation. The result is an accessible overview of this pivotal corporation in European history. **The Teutonic Knights** Captivating History, 2021-10-30. Who were the Teutonic Knights? The Teutonic Knights were established to help the sick and injured in the Holy Land in a similar vein as the Knights Hospitaller. Once they were battle-tested in war, however, they were commissioned to be full-fledged, fearsome warriors fighting for the cause of Christendom. Those causes would have the Teutonic Knights leave the Holy Land altogether when they were redeployed to Eastern Europe. Soon, the knights were attempting to subdue pagans, extending their presence throughout the Baltic by way of a string of fortresses. Their fate would rise and fall with the political and ideological situations that were prevalent in the European continent. The rise of both Poland and Lithuania would come to threaten the Teutonic Order, and the climactic Battle of Tannenberg in 1410 would have repercussions that would reverberate for centuries to come. This book follows the meteoric rise, the climactic fall, and the many years of rebirth undergone by the Teutonic Knights. From Jerusalem to the modern-day charitable organizations headed by the order, this text covers the complete history of the Teutonic Knights in full. Here, in this book, you will discover how the Teutonic Order was formed, their mission in the Holy Land, their Crusades in the Balkans and the Baltic, how the Protestant Reformation affected the order, and a whole lot more. Scroll up and click the add to cart button to learn more about The Teutonic Knights. *A History of the Teutonic Knights in Prussia 1190-1331* Nicolaus (von Jeroschin), 2010. This is the first English translation of the Chronicle of Prussia, which was written by Nicolaus von Jeroschin in middle German verse during the period from 1330 to 1341. It is a history of the Teutonic Knights encompassing the period between the foundation of the order in 1190 and 1331. It is also an engaging and lively account of warfare and colonisation on the eastern frontier of Latin Christianity. [The Teutonic Knights and Livonian Brothers of the Sword](#) Charles River Editors, 2019-08-08. Includes pictures. Includes excerpts of medieval accounts. As the

dissipating fog gave way to an unnerving sight the mass of frightening figures clad head to toe in gleaming armor would have been enough to take anyone's breath away Some of them were mounted on the backs of handsome stallions while others leaned forward with squared shoulders ready to attack In one swift motion the men unsheathed their swords and raised them over their heads their weapons winking as the glare of the sunlight bounced off the blade To the somewhat trained eye these warriors in Norman inspired gear would have appeared to be one of the Crusader forces but it is that bold black cross painted across their chests and shields that gives them away These men were none other than the fabled Teutonic Knights The knights of the Teutonic Order have since been compared to the surreal creature that appeared to the biblical Ezekiel one that bore 2 faces one of a man's and one of a lion's The human side of the creature is said to symbolize the order's charity whereas the lion was a metaphor for its valor and gallant spirit which they relied on to vanquish the heathens of the world Like other secretive groups the mystery surrounding the Teutonic Knights has helped their legacy endure While some conspiracy theorists attempt to tie the group to other alleged secret societies like the Illuminati other groups have tried to assert connections with the Teutonic Knights to bolster their own credentials Who they were and what they had in their possession continue to be a source of great intrigue even among non historical circles Although many have heard of the Crusades and some of the more famous orders like the Templars few know about the Livonian Crusade or the Livonian Brothers of the Sword This organization was one of many Catholic military orders that sprung up during the Middle Ages in response to the papacy's call for holy war and the Livonian Crusade is the term used to group together dozens of military actions undertaken by German knights in Eastern Europe In essence the Holy Roman Empire sought to control influential trade routes throughout the region by subjugating the native peoples and forcefully converting them to Christianity and in this regard the differences between the Livonian Crusade and those taking place further east where crusaders attempted to retake the Christian Holy Land of Jerusalem are readily apparent In particular there was no actual religious justification for the Livonian Crusade and many of the knights deciding to join were often more interested in the political and economic benefits gained from the war When it comes to understanding the history of the Livonian Brothers of the Sword scholars have their work cut out for them as few primary sources survived the conflict and the order has had many different names over the years including the Swordbrothers the Livonian Order and the Swordbrothers All that said the Livonian Brothers of the Sword bore many similarities to their counterparts in other countries including being affiliated with the Catholic Church Many of the knights took vows of celibacy and poverty and the internal structure of the organization could be compared to the Knights Hospitaller or the Templars Moreover while relatively few people know of the Livonian Brothers of the Sword by their original name the order would go on to become one of the most influential of religious knight-hoods by incorporating into the Teutonic Knights The order was also significant for consolidating the power of the Holy Roman Empire in Eastern Europe as well as subjugating the native peoples and spreading Christianity by force leading to numerous tensions that

lasted centuries between the future nations of Estonia Prussia and others **Tannenberg 1410** Stephen Turnbull,2011-03-15 A slim yet detailed volume on the downfall of the Teutonic Knights featuring battlescene maps and illustrations throughout **Arms and Armour in the Medieval Teutonic Order's State in Prussia** Andrzej Nowakowski,1994 A detailed study of the arms and armour of Teutonic troops in Medieval Prussia A discussion of the sources is followed by a weapon by weapon account of defensive arms helmet armour and shield and offensive arms sword side arm staff weapons butt weapons shooting weapons hand firearm and knightly belt There is also a discussion of horse armour and harness **Origins of Prussianism** Heinrich von Treitschke,1969 The Catholic Church's Most Influential Religious Military Orders Charles River Editors,2025-05-01 For centuries Christians and Muslims were embroiled in one of the most infamous territorial disputes of all time viciously and relentlessly battling one another for the Holy Land In the heart of Jerusalem sat one of the shining jewels of the Christian faith the Church of the Holy Sepulchre Legend has it that this was where their Savior had been buried before his fabled resurrection What was more it was said to house the very cross Jesus Christ had died upon It was for precisely these reasons that fearless pilgrims near and far risked their lives and made the treacherous trek to Jerusalem The Order of the Temple of Solomon also known as the Templars or the Knights Templar is one of the best known and least understood groups in history They appear prominently in everything from novels The Da Vinci Code to films as the Knights of the Cruciform Sword in Indiana Jones and the Last Crusade to videogames Assassin s Creed In these stories they are a sinister cult that manipulated historical events since the Middle Ages via intimidation and assassination They are usually connected to the Freemasons and sometimes to other historical cults like the Hindu Thuggees The real Templars were both more mundane and more fascinating than the myths and legends They were the first military religious order monks who were also knights The founding members were veterans of the First Crusade in Palestine and their main goal was in fact benign They formed their group as a small tertiary order Lay people who took monastic vows but lived in the larger community in Jerusalem policing the pilgrim routes and shrines of the Levant and protecting travelers from the many bandits that infested the area Even though they were used as the core of Crusader armies during the later crusades the Templars never wavered from their original goal The Templars were split into knights about ten percent of the Order sergeants and chaplains the other ninety percent with the non noble sergeants comprising the majority of the Order according to historians like Malcolm Barber in his history of the Order The New Knighthood The knights fought in the main part of the Templar army but the sergeants appear to have backed up the knights in battle both as horsemen and as a small infantry The sergeants also worked as servants and in non military support functions on the Templar farms granges that supported the Order The chaplains were a small group of priests who were rotated into the Order on a temporary basis and served the monks religious needs As the dissipating fog gave way to an unnerving sight the mass of frightening figures clad head to toe in gleaming armor would have been enough to take anyone s breath away Some of them were mounted on the

backs of handsome stallions while others leaned forward with squared shoulders ready to attack In one swift motion the men unsheathe their swords and raise it over their heads their weapons winking as the glare of the sunlight bounces off the blade To the somewhat trained eye these warriors in Norman inspired gear would have appeared to be one of the Crusader forces but it is that bold black cross painted across their chests and shields that give them away These men were none other than the fabled Teutonic Knights The knights of the Teutonic Order have since been compared to the surreal creature that appeared to the biblical Ezekiel one that bore 2 faces one of a man s and one of a lion s The human side of the creature is said to symbolize the order s charity whereas the lion was a metaphor for its valor and gallant spirit which they relied on to vanquish the heathens of the world

A History of the Crusades Kenneth Meyer Setton,1985-09 This work contains information and analysis of the history politics economics and culture of the medieval world The six volumes stand as a history of the Crusades spanning five centuries encompassing Jewish Muslim and Christian perspectives

The Last Years of the Teutonic Knights William Urban,2019-01-04 The Battle of Grunwald was one of the largest battles in Medieval Europe and was the most important in the histories of Poland and Lithuania It was fought on 15 July 1410 during the Polish Lithuania Teutonic War between the alliance of the Kingdom of Poland led by King Jagiello and the Grand Duchy of Lithuania led by Grand Duke Vytautas against the German Prussian Teutonic Knights led by Grand Master Ulrich von Jungingen and with the assistance of Sigismund then King of Hungary and Croatia The Teutonic Knights a crusading military order were defeated and most of their leaders were killed or taken prisoner This defeat would mark the beginning of their decline and they would never again regain their former power Following the battle the balance of power shifted in Central and Eastern Europe and so came the rise of the Polish Lithuanian union as the dominant political and military force In this compelling account the action takes place in Lithuania Poland the Czech Republic Hungary Russia and Germany There are bloody battles fascinating characters intrigue betrayals sex unexpected twists of fate religious heresy and a smattering of saints There is also the monumental end of one era making way for the beginning of another Written by William L Urban an internationally respected authority on the history of European warfare while there has long been interest on the crusades outside of the Holy Land this book is unique in the sheer breadth and depth of its research
