The Remembrance:

   A Concordance of the Qur'an Hanna E. Kassis,2023-11-03 From the Foreword This Concordance of the Qur an in English satisfies a paramount need of those and there are millions of them who have no command of the Arabic language and yet desire to understand the Qur an The benefit derivable from English translations of the Sacred Book is in principle limited because first the Qur an is not a book but a collection of passages revealed to Muhammad over a period of about twenty three years and second because the Qur an is not really translatable This does not mean that the Qur an should not be translated It does mean that translations lose much in tone and nuance let alone the incommunicable beauty grandeur and grace of the original The main distinction of Hana Kassis s concordance in my view is that it utilizes the semantic structure of Arabic vocabulary itself in revealing the meaning of the Qur an on any given issue point or concept A reader who looks in the index of this concordance for a word which he has encountered in reading an English translation of the Qur an the word pride for example is directed immediately to the roots of the Arabic Qur anic terms for pride At tne entries for these Arabic roots all the derivative forms are shown and the verses of the Qur an in which they appear are there listed in translation I am confident that any person who is sincerely interested in understanding the Qur an and appreciating the nuances of its diction and shades of its meaning can satisfy his need more fully with this book than in any way short of developing a real command over the Arabic language itself Fazlur Rahman Professor of Islamic Thought University of Chicago From the Foreword This Concordance of the Qur an in English satisfies a paramount need of those and there are millions of them who have no command of the Arabic language and yet desire to understand the Qur an The benefit derivab   *The Qur'an, morality and critical reason* Muòhammad Shaòhråur,2009 This book presents the work and ideas of the Syrian writer Muhammad Shahrur to the English speaking world Shahrur is at the moment the most innovative intellectual thinker in the Arab Middle East Often described as the a Martin Luther of Islam a TM he offers a liberal progressive reading of Islam that aims to counter the influences of religious fundamentalism and radical politics Shahrura TM s innovative interpretation of the Qura TM an offers groundbreaking new ideas based on his conviction that centuries of historical Islam including scholarship in the traditional Islamic religious sciences have obscured or even obliterated the Qura TM ana TM s progressive and revolutionary message That message is one that has endured through each period of human history in which Islam has existed encouraging Muslims to apply the most contemporary perspective available to interpret the Qura TM ana TM s meaning   "A" Companion to the Authorised Daily Prayer Book of the United Hebrew Congregations of the British Empire Israel Abrahams,1922   *The Swedenborg Concordance* John Faulkner Potts,1898   *A Concordance to All the Bookes of the Old Testament, According to the Translation Allowed by His Late Matie of Great Brittain, Etc. In conclusion, the ability to download The Remembrance has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide.
