The Right Stuff:

The Right Stuff Tom Wolfe, 2008-03-04 Tom Wolfe at his very best The New York Times Book Review The Right Stuff is the basis for the 1983 Oscar Award winning film of the same name and the 8 part Disney TV mini series From America's nerviest journalist Newsweek a breath taking epic a magnificent adventure story and an investigation into the true heroism and courage of the first Americans to conquer space Millions of words have poured forth about man's trip to the moon but until now few people have had a sense of the most engrossing side of the adventure namely what went on in the minds of the astronauts themselves in space on the moon and even during certain odysseys on earth It is this the inner life of the astronauts that Tom Wolfe describes with his almost uncanny empathetic powers that made The Right Stuff a classic

The Right Stuff Tom Charity, 2019-07-25 This study places The Right Stuff in the historical context of the political history of the Space Race It explores director Philip Kaufman's subversive adventurism his mastery of cinematic form and the way in which the film combines the mythology of the Western with counter cultural concerns

The Right Stuff Warner Bros. Home Entertainment, 1984 Epic true story of Alan Shepard Gus Grissom John Glenn Scott Carpenter Walter Schirra Gordon Cooper and Deke Slayton the seven men chosen to launch the U S into space It's a spectacular journey one which earned four 1983 Academy Awards

High Flyers Morgan W. McCall, 1998 Presents a strategy for grooming executives for a company's top positions emphasizing the importance of learning from experience and being open to continuous learning

Tom Wolfe's America Kevin T. McEneaney, 2009-04-30 While The Right Stuff and The Bonfire of the Vanities remain perhaps his best known works Tom Wolfe's journalism and fiction continues to enjoy a large audience perhaps chiefly because of the variety of his subjects and his controversial approach to them Here McEneaney offers an account of the man and his works explaining along the way Wolfe's use of irony his obsessive themes and even his use of pranks More comprehensive in scope than any preceding book on Wolfe it offers accurate and accessible commentary based upon what Wolfe admits about his own work In this new book Wolfe's work is put in journalistic and literary context The reliability of Wolfe's journalism is discussed especially when there are alternative narrations to events he has depicted McEneaney also examines the Wolfe's use of pranks that he plays on readers at times and uncovers the influences on Wolfe that have contributed to his unique style Finally the author discusses Wolfe's impact on other writers Readers will gain access into Wolfe's world through this detailed and colorful work
