Eastern Philosophy of Religion Victoria S. Harrison, 2022-10-06 This Element selectively examines a range of ideas and arguments drawn from the philosophical traditions of South and East Asia focusing on those that are especially relevant to the philosophy of religion The Element introduces key debates about the self and the

nature of reality that unite the otherwise highly diverse philosophies of Indian and Chinese Buddhism Hinduism and Jainism
The emphasis of this Element is analytical rather than historical Key issues are explained in a clear precise accessible
manner and with a view to their contemporary relevance to ongoing philosophical debates Oriental Philosophy Stuart
Cornelius Hackett,1979 This book deals neither with the historical and cultural setting of oriental viewpoints nor even with
the religious beliefs and ritual practices that characteristically provide a context for these viewpoints but rather with a
systematic and critical analysis of oriental perspectives as alternative philosophical positions At the same time Hackett
provides a succinct historical framework so that the student may place these systems in perspective
