is the great American West      **Art and Modernism in Socialist China** Shuyu Kong, Julia F. Andrews, Shengtian Zheng, 2024-06-06 This edited volume will be the first book examining the art history of China's socialist period from the perspective of modernism, modernity and global interactions. The majority of chapters are based on newly available archival materials and fresh critical frameworks/concepts. By shifting the frame of interpretation from socialist realism to socialist modernity, this study reveals the plurality of the historical process of developing modernity in China: the autonomy of artistic agency and the complexity of an art world conditioned yet not completely confined by its surrounding political and ideological apparatus. The unexpected global exchanges examined by many of the authors in this study and the divergent approaches, topics and genres they present add new sources and insights to this research field, revealing an art history that is heterogeneous, pluralistic and multi-layered. The book will be of interest to scholars working in art history, art and politics and Chinese studies.

**Zhang Hongtu** Luchia Meihua Lee, Jerome Silbergeld, 2016-02-05 In this book leading art experts, art historians and critics review the life career and artistic development of New York based Chinese artist Zhang Hongtu. A pioneer in contemporary Chinese art, Zhang created the first example of China Pop art and his oeuvre is as diverse, intellectually complex and engaging as it is entertaining. From painting and sculpture to computer generated works and multimedia projects, Zhang's art is equally rich in terms of China's history and its current events, containing profound reflections on China's oldest cultural habits and contemporary preoccupations. He provides a model of cross-cultural interaction designed to make Asian and Western audiences look more closely at each other and at themselves to recognize the beliefs they hold and the unexamined values they adhere to. From his early work in China during the Cultural Revolution to his decades as an artist in New York, Zhang reflects the complex attitudes of a scholar-artist toward modernity as well as toward Asian and Western societies and himself. Placing Zhang in the context of his cultural milieu both in China and in the Chinese immigrant artist community in America, this volume's contributors examine his adaptations of classic art to reflect a contemporary sensibility, his relation to Cubism and Social Realism, his collaboration with the celebrated fashion designer Vivienne Tam and his visual critique of China's current environmental crisis. Zhang's work will be on display at the Queens Museum in New York City from October 17, 2015 to March 6, 2016. Contributors: Julia F. Andrews, Alexandra Chang, Tom Finkelpearl, Michael Fitzgerald, Wu Hung, Luchia Meihua Lee, Morgan Perkins, Kui Yi Shen, Jerome Silbergeld, Eugenie Tsai, Thuy Linh Nguyen Tu, Lilly Wei. Co-published by the Queens Museum and Duke University Press.
