

The Story of Shells

Shells are the treasures of land and sea,
And numerous too, as you'll agree.
Did you know that experts now acclaim
One hundred thousand have a name?

You will see all shapes and sizes too,
And colors of every shade and hue.
You learn their habits and how they breed,
How they're self-sufficient to every need.

Each builds his house with greatest pride,
And closes the door when he wants to hide.
He makes his home larger as he grows,
And takes it along wherever he goes.

One wonders whether he gets a thrill
As he decks his house with a fancy frill,
Ruffles and bands and polka dots,
Stripes and scallops and colored spots.

Their names often have a familiar ring
Such as rice, nutmeg, auger, or angel wing,
Cat's paw, bubble, worm, peanut shell,
In each case the name describes it well.

Remember the shell you used to adore
When held to your ear, the ocean would roar?
It's a favorite yet, and always will be
As everyone loves "The Song of the Sea."

needed examination of the principles of multimedia journalism experienced journalists Richard Koci Hernandez and Jeremy Rue systemize and categorize the characteristics of the new often experimental story forms that appear on today's digital news platforms. By identifying a classification of digital news packages and introducing a new vocabulary for how content is packaged and presented, the authors give students and professionals alike a way to talk about and understand the importance of story design in an era of convergence storytelling. Online, all forms of media are on the table: audio, video, images, graphics, and text are available to journalists at any type of media company as components with which to tell a story. This book provides insider instruction on how to package and interweave the different media forms together into an effective narrative structure. Featuring interviews with some of the most exceptional storytellers and innovators of our time, including web and interactive producers at the New York Times, NPR, The Marshall Project, The Guardian, National Film Board of Canada, and the Verge, this exciting and timely new book analyzes examples of innovative stories that leverage technology in unexpected ways to create entirely new experiences online that both engage and inform.
