STRANGE FORCES

Engle & Barnes

Strange Forces

Alphonse Daudet

Strange Forces:

Strange Forces Marty M. Engle, 1996 Join the students of Fairfield Junior High and the renegade lizard monster Rilo Buru in a race against the Collector and his strange forces on an adventure that will change the natural and unnatural world forever

Strange Forces Marty M. Engle, Johnny Ray Barnes, Jr., 1997-07-01

Strange Forces Leopoldo Lugones, 2001 A collection of twelve stories of the macabre and paranormal

The Emergence of Latin American Science Fiction Rachel Haywood Ferreira, 2011-07-01 A fantastic voyage through the early science fiction of Latin America Early science fiction has often been associated almost exclusively with Northern industrialized nations In this groundbreaking exploration of the science fiction written in Latin America prior to 1920 Rachel Haywood Ferreira argues that science fiction has always been a global genre She traces how and why the genre quickly reached Latin America and analyzes how writers in Argentina Brazil and Mexico adapted science fiction to reflect their own realities Among the texts discussed are one of the first defenses of Darwinism in Latin America a tale of a time traveling history book and a Latin American Frankenstein Latin American science fiction writers have long been active participants in the sf literary tradition expanding the limits of the genre and deepening our perception of the role of science and technology in the Latin American imagination The book includes a chronological bibliography of science fiction published from 1775 to 1920 in all Latin American countries

Mysterious Travelers Zack Kruse, 2021-02-01 2022 Honorable Mention Recipient of the Charles Hatfield Book Prize from the Comics Studies Society

Steve Ditko 1927 2018 is one of the most important contributors to American comic books As the cocreator of Spider Man and sole creator of Doctor Strange Ditko made an indelible mark on American popular culture

Mysterious Travelers Steve Ditko and the Search for a New Liberal Identity resets the conversation about his heady and powerful work Always inward facing Ditko's narratives employed superhero and supernatural fantasy in the service of self examination and with characters like the Question Mr A and Static Ditko turned ordinary superhero comics into philosophic treatises Many of Ditko's philosophy driven comics show a clear debt to ideas found in Ayn Rand's Objectivism Unfortunately readers often reduce Ditko's work to a mouthpiece for Rand's vision

Mysterious Travelers unsettles this notion In this book Zack Kruse argues that Ditko's philosophy draws on a complicated network of ideas that is best understood as mystic liberalism Although Ditko is not the originator of mystic liberalism his comics provide a unique window into how such an ideology operates in popular media Examining selections of Ditko's output from 1953 to 1986 Kruse demonstrates how Ditko's comics provide insight into a unique strand of American thought that has had a lasting impact

The House of Stanley Peter Draper (of the Ormskirk Advertiser.), 1864

African Indigenous Religious Traditions in Local and Global Contexts Ogungbile, David O., 2015-09-23 This volume honours one of the great scholars of our era Professor Jacob Olupona Although he has conducted significant portions of his career outside of Nigeria he has not separated himself from his colleagues or from interests in religions in Nigeria and elsewhere in Africa His publications and presentations offer the international scholarly community

important critical insights into a range of religious activities life ways and ideas originating in Africans and the African Diaspora In spite of the diversity in the thoughts and opinions expressed and equally of the range of disciplines and topics contained in the book one can say that the contributors have developed a shared concern about the role of African Indigenous Religious Traditions in the processes of development and the context within which it development had or is taking place The book guides us to a deep understanding and appreciation of how Africans in their varied situations grapple with existential problems through philosophical ruminations complex ritual processes cultivated memory and organized coping strategies
