

**“Taking responsibility  
means never blaming  
anyone else for  
anything you are being,  
doing, having, or  
feeling.”**

**- Susan Jeffers**

# Taking Responsibility

**R Sandford**

## **Taking Responsibility:**

**Taking Responsibility, Law and the Changing Family** Heather Keating, 2016-04-01 This volume considers the impact that changing family norms have had on the responsibilities that the law allocates to people in family relationships Contributions are drawn from a wide variety of jurisdictions in which scholars lawyers judges and policy makers have been trying to discern what the appropriate correlation should be between the responsibilities that people undertake in family settings and the law that regulates family responsibilities Part I looks at the changes that have occurred in adult relationships and what they have done for our sense of the family responsibilities that adults take for one another Part II reflects on the changing nature of the parental relationship in order to reconsider the way in which changing family structures affect the responsibilities we think people raising children should have The third part brings the rights discourse that has dominated jurisprudence for much of the last fifty years into the discussion of family transformation and the responsibilities to which it gives rise In the final section the authors reflect on the difficulties of trying to resolve the meaning of responsibility in a world of changing families The collection brings together some of the most eminent and imaginative scholars and judges working in this area It will be a valuable resource for all those interested in the legal regulation of the transforming family

**Taking Responsibility** Winston Davis, 2001 Responsibility has become the queen of modern virtues Winston Davis argues even if there is no consensus as to what responsibility means This illuminating collection of essays encompasses conceptions of responsibility around the globe as discussed by leading scholars in the fields of philosophy anthropology intellectual history religious studies classics and law Including Law as Response to Thou by Walter Brueggemann Jewish Philosophers after Heidegger Levinas and Jonas on Responsibility by Lawrence Vogel The American Founders Responsibility by Ralph Lerner and Religious Freedom and Civic Responsibility by Amy Gutmann Taking Responsibility provides a rich dialogue of diverse voices describing the many historical senses of responsibility as well as the vastly different approaches to being responsible that we experience in the modern world

**Taking Responsibility for Children** Samantha Brennan, Robert Noggle, 2007-12-04 What do we as a society and as parents in particular owe to our children Each chapter in Taking Responsibility for Children offers part of an answer to that question Although they vary in the approaches they take and the conclusions they draw each contributor explores some aspect of the moral obligations owed to children by their caregivers Some focus primarily on the responsibilities of parents while others focus on the responsibilities of society and government The essays reflect a mix of concern with the practical and the philosophical aspects of taking responsibility for children addressing such topics as parental obligations the rights and entitlements of children the responsibility of the state the role and nature of public education in a liberal society the best ways to ensure adequate child protection the licensing of parents children s religious education and children s health Taking Responsibility for Children will be of interest to philosophers advocates for children s interests and those interested in public policy

especially as it relates to children and families

**Responsibility and Control** John Martin Fischer, Mark Ravizza, 1998 This book provides a comprehensive systematic theory of moral responsibility The authors explore the conditions under which individuals are morally responsible for actions omissions consequences and emotions The leading idea in the book is that moral responsibility is based on guidance control This control has two components the mechanism that issues in the relevant behavior must be the agent s own mechanism and it must be appropriately responsive to reasons The book develops an account of both components The authors go on to offer a sustained defense of the thesis that moral responsibility is compatible with causal determinism This major study will interest moral philosophers legal theorists and those in religious studies concerned with the issue of moral responsibility

Moral Responsibility and Artificial Intelligence Maximilian Kiener, 2025-10-02 This book introduces a novel puzzle the Lorry Driver Paradox to advance our understanding of moral responsibility beyond current paradigms to connect moral philosophy and legal scholarship in new ways and to break new ground in the ethics of AI Part 1 introduces the Lorry Driver Paradox as a set of three individually plausible but jointly inconsistent claims It then develops and defends the concept of strict moral answerability as the most effective solution making it the central idea of the book alongside an account of how taking responsibility could amount to a new hitherto neglected normative power and an exploration of the significance of apologies in our social practices Part 2 extends this discussion to the context of artificial intelligence proposing a major shift in how we currently think about responsibility and AI It challenges the conventional notion of AI generated responsibility gaps and instead proposes the idea of responsibility abundance This reframing it is argued offers distinct theoretical dialectical and practical advantages Significant parts of these arguments draw on legal scholarship particularly considerations about reverse burdens of proof in criminal law and the waiving of state immunity in public international law On these grounds the book also pursues the methodological idea of a legal lead that is the idea that we can advance our understanding of moral responsibility by investigating selected aspects of legal responsibility and not just the other way around
