Radio in the Movies Laurence Etling, 2014-01-10 This richly detailed examination of two branches of American entertainment focuses on the various ways that radio stations and air personalities have been depicted in motion pictures from 1926's *The Radio Detective* to more recent films like 2006's *A Prairie Home Companion*. Cinematic portrayals of various aspects of radio are covered including disc jockeys, sports broadcasts, religious programs, and the talk radio format. Such films as *The Big Broadcast* (1932), *Reveille with Beverly* (1943), *Mister Rock and Roll* (1957), *WUSA* (1970), *Radio Days* (1987), and *Private Parts* (1997) provide fascinating insights not only into their own times but also into the historical eras that some of these films have endeavored to recreate. A chronological filmography of more than 600 titles is included.

Hot Air Howard Kurtz, 2012-10-24 America is awash in talk. Loud talk, angry talk, conspiratorial talk that has changed the nature of journalism and politics, producing a high decibel revolution in the way we communicate. In this fascinating, maddening behind-the-scenes look at America's powerful talk shows, the author of *Media Circus* examines their excesses, conflicts, and impact and explains how they are changing our culture.

Vulture Culture Christine M. Quail, Kathalene A. Razzano, Loubna H. Skalli, 2005 *Vulture Culture* presents a new and complex way of thinking about daytime television talk shows. *Vulture Culture* is the process by which the media scavenge the personal narratives and popular discourses that make up everyday knowledge and commonsense and re-present them back to us as spectacle, entertainment, and information. This book explores these nuances through a probing analysis of the vast landscape of daytime television talk shows and their relation to important political, social, and economic problems. Using an approach that takes into account the multiple perspectives of political economy, cultural studies, and cultural pedagogy, *Vulture Culture* provides an in-depth and well-rounded examination of this mainstay of television and media culture.

The Talking Cure Jane Shattuc, 1997 Discusses the history of daytime television talk shows and their impact on social change, particularly for women.

Talk Show Dick Cavett, 2010-11-09 The legendary talk show host's humorous reminiscences and pointed commentary on the great figures he has known and culture and politics today. For years Dick Cavett played host to the nation's most famous personalities on his late night talk show. In this humorous and evocative book, we get to hear Cavett's best tales as he recounts great moments with the legendary entertainers who crossed his path and offers his own trenchant commentary on contemporary American culture and politics. Pull up a chair and listen to Cavett's stories about one-upping Bette Davis, testifying on behalf of John Lennon, confronting Richard Nixon, scheming with John Updike, befriending William F. Buckley, and palling around with Groucho Marx. Sprinkled in are tales of his childhood in Nebraska in the 1940s and 1950s where he honed his sense of comic timing and his love of magic. Cavett is also a wry cultural observer looking at America today and pointing out the foibles that we so often fail to notice about ourselves. And don't even get him started on politicians. A generation of Americans ended their evenings in Dick Cavett's company. *Talk Show* is a way to welcome him back. Do you

know that age old question If you could have dinner with anyone in the world living or dead who would it be Well assuming Santa Claus is unavailable my answer would be Dick Cavett After reading Talk Show you could just imagine what a conversation with him would be like pleasant insightful and oddly erotic Dick Cavett is a legend and an inspiration to me Jimmy Fallon

Talk Show Campaigns Michael Parkin,2014-02-05 Over the past twenty years presidential candidates have developed an entertainment talk show strategy in which they routinely chat with the likes of Oprah Winfrey David Letterman and Jon Stewart In fact between 1992 and 2012 there have been more than 200 candidate interviews on daytime and late night talk shows with nearly every presidential candidate from long shot primary contender to major party nominee hitting the talk show circuit at some point during the campaign This book explores the development of the entertainment talk show strategy and assesses its impact on presidential campaigns The chapters mix detailed narrative with extensive empirical data on audiences content viewer reaction and press coverage to explain why candidates have embraced this strategy and the conditions under which these interviews are most likely to meet their expectations The book also explores how these interviews can enhance campaigns by connecting a critical segment of the voting population with candidates who provide useful political information in a casual setting Talk Show Campaigns shows that this is more than a gimmick it s a key part of how candidates communicate with voters which reveals a lot about how campaigns have changed over the past two decades

Freaks Talk Back Joshua Gamson,2009-02-13 Using extensive interviews hundreds of transcripts focus group discussions with viewers and his own experiences as an audience member Joshua Gamson argues that talk shows give much needed high impact public visibility to sexual nonconformists while also exacerbating all sorts of political tensions among those becoming visible With wit and passion Freaks Talk Back illuminates the joys dilemmas and practicalities of media visibility This entertaining accessible sobering discussion should make every viewer sit up and ponder the effects and possibilities of America s daily talk fest with newly sharpened eyes Publishers Weekly Bold witty There s a lot of empirical work behind this deceptively easy read then and it allows for the most sophisticated and complex analysis of talk shows yet Elayne Rapping Women s Review of Books Funny well researched fully theorized Engaged and humane scholarship A pretty inspiring example of what talking back to the mass media can be Jesse Berrett Village Voice An extraordinarily well researched volume one of the most comprehensive studies of popular media to appear in this decade James Ledbetter Newsday

The Money Shot Laura Grindstaff,2008-11-07 He leaped from his chair ripped off his microphone and lunged at his ex wife Security guards rushed to intercept him The audience screamed then cheered Were producers concerned Not at all They were getting what they wanted the money shot From classy shows like Oprah to trashy shows like Jerry Springer the key to a talk show s success is what Laura Grindstaff calls the money shot moments when guests lose control and express joy sorrow rage or remorse on camera In this new work Grindstaff takes us behind the scenes of daytime television talk shows a genre focused on real stories told by ordinary people Drawing on extensive interviews with producers and guests her

own attendance of dozens of live tapings around the country and more than a year's experience working on two nationally televised shows Grindstaff shows us how producers elicit dramatic performances from guests why guests agree to participate and the supporting roles played by studio audiences and experts Grindstaff traces the career of the money shot examining how producers make stars and experts out of ordinary people in the process reproducing old forms of cultural hierarchy and class inequality even while seeming to challenge them She argues that the daytime talk show does give voice to people normally excluded from the media spotlight but it lets them speak only in certain ways and under certain rules and conditions Working to understand the genre from the inside rather than pass judgment on it from the outside Grindstaff asks not just what talk shows can tell us about mass media but also what they reveal about American culture more generally
