The Adding Machine William S. Burroughs,1986 *The Adding Machine* William S. Burroughs,1985 In these essays Burroughs reveals himself his interests his reading and influences Naked Lens Jack Sargeant,2011-04-25 Celebrating the celluloid expression of the Beat spirit arguably the most sustained legacy in U S counterculture Naked Lens is a comprehensive study of the most significant interfaces between the Beat writers Beat culture and cinema Naked

Nothing Is True-Everything Is Permitted John Geiger,2005-06-01 The multimedia artist poet and novelist Brion Gysin may be the most influential cultural figure of the twentieth century that most people have never heard of Gysin 1916 1986 was an English born Canadian raised naturalized American of Swiss descent who lived most of his life in Morocco and France He went everywhere when the going was good He dabbled with surrealism in Paris in the 1930s lived in the interzone of Tangier in the 1950s and traveled the Algerian Sahara with Sheltering Sky author Paul Bowles before moving into the legendary Beat Hotel in Paris Gysin s ideas influenced generations of artists musicians and writers among them David Bowie Keith Haring Patti Smith Michael Stipe Genesis P Orridge John Giorno and Brian Jones of the Rolling Stones None was touched more profoundly than William S Burroughs who said admiringly of Gysin There was something dangerous about what he was doing It was Gysin who introduced the Rolling Stones to the exotica of Morocco and took Stones guitarist Brian Jones to Jajouka where he recorded the tribal musicians performing the Pipes of Pan It was Gysin who provided the hashish fudge recipe published in Alice B Toklas cookbook promising ecstatic reveries and extensions of one s personality on several simultaneous planes It was Gysin who introduced Burroughs to an automatic writing method called the cut up a literary progenitor to sampling And it was Gysin who developed with Ian Sommerville the Dream Machine a device that allowed people with the flick of a switch to access altered states of consciousness without drugs Working with the authorization of Gysin s literary executor William S Burroughs John Geiger has produced the first ever biography of the painter poet piper Brion Gysin *Burroughs Unbound* S. E. Gontarski,2021-11-18 In addition to contributing significantly to the growing field of Burroughs scholarship *Burroughs Unbound* also directly engages with the growing fields of textual studies archival research and genetic criticism asking crucial questions thereby about the nature of archives and their relationship to a writer s work These questions about the archive concern not only the literary medium In the 1960s and 1970s Burroughs collaborated with filmmakers sound technicians and musicians who helped re contextualized his writings in other media *Burroughs Unbound* examines these collaborations and explores how such multiple authorship complicates the authority of the archive as a final or complete repository of an author s work It takes Burroughs seriously as a radical theorist and practitioner who critiqued drug laws sexual practice censorship and what we today call a society of control More broadly his work continues to challenge our common assumptions about language authorship textual stability and the archive in its broadest definition **Beat Generation Writers** A. Robert Lee,1996-01-20 Focuses on some of the most popular writers of

the last forty years One of the few books to explore the role of women and gender in the Beat movement *The Iron Whim* Darren Sean Wershler-Henry, 2007 *The Iron Whim* is an intelligent irreverent and humorous history of writing culture and technology It covers the early history and evolution of the typewriter as well as the various attempts over the years to change the keyboard configuration but it is primarily about the role played by this marvel in the writer's life Darren Wershler Henry populates his book with figures as disparate as Bram Stoker Mark Twain Franz Kafka Norman Mailer Alger Hiss William Burroughs J G Ballard Jack Kerouac Hunter S Thompson Northrop Frye David Cronenberg and David Letterman the soundtrack ranges from the industrial clatter of a newsroom full of Underwoods to the more muted tapping and hum of the Selectric Wershler Henry casts a bemused eye on the odd history of early writing machines important and unusual typewritten texts the creation of *On the Road* and the exploits of a typewriting cockroach named Archy numerous monkeys poets and even a couple of vampires He gathers into his narrative typewriter related rumors and anecdotes Henry James became so accustomed to dictating his novels to a typist that he required the sound of a randomly operated typewriter even to begin to compose And by broadening his focus to look at typewriting as a social system as well as the typewriter as a technological form he examines the fascinating way that the tool has actually shaped the creative process With engaging subject matter that ranges over two hundred years of literature and culture in English *The Iron Whim* builds on recent interest in books about familiar objects and taps into our nostalgia for a method of communication and composition that has all but vanished

On the Road: The Original Scroll Jack Kerouac, 2007-08-16 The legendary 1951 scroll draft of *On the Road* published word for word as Kerouac originally composed it Though Jack Kerouac began thinking about the novel that was to become *On the Road* as early as 1947 it was not until three weeks in April 1951 in an apartment on West Twentieth Street in Manhattan that he wrote the first full draft that was satisfactory to him Typed out as one long single spaced paragraph on eight long sheets of tracing paper that he later taped together to form a 120 foot scroll this document is among the most significant celebrated and provocative artifacts in contemporary American literary history It represents the first full expression of Kerouac's revolutionary aesthetic the identifiable point at which his thematic vision and narrative voice came together in a sustained burst of creative energy It was also part of a wider vital experimentation in the American literary musical and visual arts in the post World War II period It was not until more than six years later and several new drafts that Viking published in 1957 the novel known to us today On the occasion of the fiftieth anniversary of *On the Road* Viking will publish the 1951 scroll in a standard book format The differences between the two versions are principally ones of significant detail and altered emphasis The scroll is slightly longer and has a heightened linguistic virtuosity and a more sexually frenetic tone It also uses the real names of Kerouac's friends instead of the fictional names he later invented for them The transcription of the scroll was done by Howard Cunnell who along with Joshua Kupetz George Mouratidis and Penny Vlagopoulos provides a critical introduction that explains the fascinating compositional and publication history of *On the*

Road and anchors the text in its historical political and social context *The Writer on Film* J. Buchanan, 2013-06-03
Examining films about writers and acts of writing *The Writer on Film* brilliantly refreshes some of the well worn adaptation debates by inviting film and literature to engage with each other trenchantly and anew through acts of explicit configuration not adaptation **William S. Burroughs at the Front** Jennie Skerl, Robin Lydenberg, 1991 Jennie Skerl and Robin Lydenberg have selected twenty five critical essays on Burroughs that reflect the historical reception of his work both positive and negative decade by decade and that represent the best essays written about him The essays cover Burroughs major novels including the cut up and new trilogies the censorship issue and his work in film and painting The chronological organization brings into critical focus the shift from moral questions raised by the novels content through examinations of Burroughs relationship to humanism and modernism and finally to more focused literary and linguistic issues In their introduction the editors survey the progress of Burroughs critical reception and examine the reasons for the varied and intense responses to the work and the theoretical assumptions behind those responses The reviewers include prominent figures such as Mary McCarthy and Marshall McLuhan as well as major academic critics such as Cary Nelson Tony Tanner and Ihab Hassan The New Statesman ,1924 **The Publishers Weekly** ,1923 The Youth's Companion Combined with American Boy ,1929 Book Review Digest ,1924 **Current Neurology** ,1994 **Zeros + Ones** Sadie Plant, 1998 Plant presents an intelligent provocative and accessible investigation of the intersection between women feminism machines and in particular information technology She argues that the telecoms revolution is also a sexual revolution **Altered States** Mark Perryman, 1994 *Altered States* looks back at the election of 1992 in the light of postmodern political theory and highlights some of the lessons to be learnt from that defeat The contributors consider where the left is situated now how the theoretical structures of postmodernism can be used to reassess that position and suggest ways of forecasting the future Wide ranging and polemical *Altered States* rethinks the tenets of socialism taking into account the globalisation of the media diversity and identity and the new city states in a collection which both centres current debate and takes the discussion forward laying a ground plan for a new and radical democracy BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved □□□□□□□□ □□, 2000 **Utopias and the Millennium** Krishan Kumar, Stephen Bann, 1993 *Managed Care in Dentistry* Bryan Quattlebaum, 1995
