

Distance

It'll be heartache
It'll be crying
And it'll take will
To keep on trying

It's not for the weak
Or those afraid of pain
It's for two hearts
That are one in the same

It won't be easy
This much is true
And it can't be done alone
It'll take two

We'll see each other
Every now and then
And savor those moments
'Til we're together again

Because distance isn't about
Being far apart
It's about surviving
With only half a heart

But we'll survive
Because our love is true
And you love me
As much as I love you

The Long Distance Poems:

Long Distance Aleda Shirley, 1996 *A Long Distance Relationship in Words* Madeleine Ingram, 2020-03-31 Long distance relationships are almost always challenging This book of 22 poems fully describes the joy the longing and the loneliness of having a love who lives far away Too they remind us that the time together can be so intense that the embers from that fire burn bright until you can come together again **LONG DISTANCE RELATIONSHIP IN WORDS** MADELEINE. INGRAM, 2020 **Thirty Love Poems** C. A., 2016-04-20 These thirty poems trace an impetuous long distance relationship from its passionate intense first days through the years to the mellow ease that comes with age *Between the Miles: Poetic Whispers of Long-Distance Love* Pastor Yves Gerard, 2025-03-04 *Between the Miles* Poetic Whispers of Long Distance Love is an evocative collection that captures the essence of love stretched across distances where the heart beats in one place and its echo resounds miles away This anthology is a tender exploration of the unique challenges joys and vulnerabilities that accompany relationships separated by space but intertwined by unbreakable bonds Through a symphony of words this book celebrates the silent yet profound language of love spoken through midnight texts handwritten letters fleeting phone calls and cherished video chats Each poem is a whisper a longing and a promise that transcends physical barriers reminding us that love no matter how far apart is a force that unites The pages brim with raw emotion aching longing exhilarating hope and the bittersweet ache of missing someone deeply From the quiet sadness of airports and goodbye kisses to the electrifying anticipation of reunions this collection captures the full spectrum of long distance relationships It speaks to the hearts of those who know what it means to love someone in a different timezone yet feel their presence in every moment *Between the Miles* isn't just about the pain of separation it's also a celebration of resilience trust and the boundless nature of love It's a testament to the power of connection that defies geography and thrives on the whispers of faith and unwavering devotion This poetic journey will resonate with anyone who has ever yearned for someone far away offering solace in knowing they are not alone It is a gentle reminder that distance is a test not a barrier and that true love can bridge even the widest of gaps With its heartfelt verses and deeply relatable themes this collection serves as both a companion and a tribute to the enduring beauty of long distance love Qareeb Melissa Waldo, 2018-03-20 *Qareeb* is a book of poetry inspired by the author's long distance relationship It was written in hopes of shedding some light on the typical obstacles and emotions experienced by long distance couples *Qareeb* consists of seven short parts that tell the story of the couple's memories separation worries hopes and love **The Long Distance** Joanne Childers, 1989 *Reading Time in the Long Poem* Tess Somervell, 2022-10-19 *Reading Time* tells the story of the long poem in the long eighteenth century as it navigated between narrative and description progress and digression and time and space The long poem emerged between 1660 and 1850 as a medium in which poets could shape and reshape time Analysing Milton's *Paradise Lost* Thomson's *The Seasons* and Wordsworth's *The Prelude* this study reveals how these poets used both the content and form of their long

poems to intervene in contemporary debates about the temporalities of free will nature and identity Reading Time argues that they use the figure of the prospect the extended landscape to imagine time as a space onto which different causal configurations could be mapped In turn readers have approached these poems as both temporal and spatial forms as linear processes and as static structures demonstrating how the long poem can shape a reader s own experience of time *Poetry of Jack Spicer* Daniel Katz,2013-01-17 A critical monograph of the San Francisco Renaissance poet Jack Spicer informed by much archival material *Modern Reader's Japanese-English Character Dictionary* Andrew N.
