A Year with George Herbert Jim Scott Orrick,2011-05-12 Since 1633 when The Temple was first published many notable Christians have testified of their love for George Herbert s poetry The great nineteenth century preacher C H Spurgeon and his wife would sometimes read Herbert s poetry together on Sunday evenings Richard Baxter wrote Herbert speaks to God like one that really believeth a God and whose business in the world is most with God C S Lewis described Herbert as a man who seemed to me to excel all the authors I had ever read in conveying the very quality of life as we actually live it from moment to moment Regrettably as the years have passed Herbert s poetry has been increasingly neglected outside the academy Many who would love Herbert have never even heard of him Others feel intimidated by his poetry fearing that they do not have the education necessary to understand what Herbert has written In this book Jimmy Scott Orrick has made the poetry of George Herbert accessible even to those who have had no experience reading poetry In addition to providing thorough notes for each poem Orrick also gives basic pointers about how to read poetry Why not follow C H Spurgeon s example and have a page or two of good George Herbert on your Sunday evenings Those who follow this prescription will be deeply enriched for having spent A Year with George Herbert

Royal Power and Authority in Shakespeare's Late Tragedies Alisa Manninen,2015-10-05 William Shakespeare

explores political survival as a question of interaction at court in King Lear Macbeth and Antony and Cleopatra Through a discussion of authority as an element that is distinct from power this book offers a new perspective on the importance of acts of persuasion and the contribution the late tragedies make to Shakespeare's portrayal of monarchy It argues that the most productive uses of the material power to judge or reward are those that reinforce royal authority and establish the monarch at the centre of the web of noble relationships In the late tragedies rulership is exercised at court It acquires a nature of its own as the interaction of powerful and potentially powerful individuals among the nobility The persuasive exercise of authority complements the tangible power that is founded on the monarch's material resources so that consent to the monarch's supremacy is obtained through various discourses of justification and the performance of the monarch's social role Shakespeare's combination of emotional intimacy with political concerns becomes central to the tragedies of these three plays when the failure to establish control over power and authority leads to the breakdown of established values and political traditions The Management of the Sales Organization Frederic Arthur Russell,1922 *The Automobile* ,1911
