Where No Window Was:

No Pot, No Window Mary King, 2010 *No Pot No Window* is a true story about my life starting in the year 1951 when I was born in Marshall Texas to poor uneducated parents This book is intended to be a motivator and inspiration to all the people struggling to survive financially as I did for the majority of my life The expression no pot no window means you are so poor that you don't have a pot to pee in or a window to throw it out I believe poverty lack of education a negative home environment alcohol and or drug abuse bad judgment a single parent home disease illness and sometimes just plain bad luck keeps the syndrome of no pot no window perpetuating generation after generation My abusive alcoholic father abandoned my two sisters and me when I was nine years old and my codependent mother was absent from my life for many years After my father left and my parents divorced my mother spent the rest of her life looking for another husband to support her She was married nine times and never did find her Prince Charming just another drunk she met at a bar and dragged home When I was ten years old my mother sent my two sisters and me to live with her parents for over three years and during this period she was completely absent from our lives My maternal grandparents who were survivors of the Great Depression of 1929 were very tight with their money and affection They really did not want to raise three young children but decided we would be a valuable asset as farmhands on their five acre farm My mother came back into my life when I was thirteen years old and the saga of stepfathers began At the age of sixteen I had a job a car and was self sufficient Unfortunately I was also a juvenile delinquent because I had little or no parental supervision For lack of any other options I joined the military in 1969 during the height of the Vietnam War and began the long journey of becoming an adult Due to my immaturity and poor judgment I was married and divorced three times before the age of thirty and became a single parent to my only child When I was thirty two years old I was diagnosed with Stage II breast cancer and spent the next five years struggling to stay alive physically and financially With the assistance of the military I was able to obtain my bachelor of arts degree from the University of Mississippi in 1982 and a masters of forensic science from George Washington University in 1986 After twenty one years of active duty service I subsequently retired as a lieutenant from the United States Navy in 1993 I refused to accept and was able to overcome the no pot no window plight because of my perseverance hard work and most importantly advanced education I changed my life from sour lemons to sweet lemonade
