Strange Relations:

Strange Relations, 1974 **Strangely Rhetorical** Jimmy Butts, 2023-05-01 Strangely Rhetorical establishes the groundwork for strangeness as a lens under the broader interdisciplinary umbrella of rhetoric and composition and shares a series of rhetorical devices for practically thinking about how compositions are made unique Jimmy Butts explores how strange novel weird and interesting texts work and offers insight into how and why these forms can be invented created and stylized to generate the effective delivery of rhetorical messages in fun divergent ways Using a new theoretical framework that strangeness is inherent within all rhetorical interactions and is potentially useful Butts demonstrates how rhetoric is always already coming from an Other offering an ethical context for how defamiliarized texts work with different audiences Applying examples of seven figures for composing in and across written aural visual electronic and spatial texts the WAVES of media Butts shows how divergence is possible in all sorts of refigured multimodal ways Strangely Rhetorical rethinks what exactly rhetoric is and does considering the ways that strange compositions help rhetors connect across a broad range of networks in a world haunted by distance This is a book about strange rhetoric for makers and creatives for students and teachers and for composers of all sorts *Angels of Desire* Jay Johnston, 2016-04-08 The idea that the human body consists of subtle bodies psycho spiritual essences can be found in a variety of esoteric traditions This radical form of selfhood challenges the dualisms at the heart of Western discourse mind body divine human matter spirit reason emotion I other Angels of Desire explores the aesthetics and ethics of subtle bodies What emerges is an understanding of embodiment not exclusively tied to materiality The book examines the use of subtle bodies across a range of traditions yogic tantric theosophical hermetic and sufi Angels of Desire shows the relevance of the subtle body for religion philosophy art history and contemporary feminist religious studies and theories of desire Education for Tomorrow Michael Risku, Letitia Harding, 2013-02-11 Education for Tomorrow A Biocentric Student Focused Approach to Education Reform Michael Risku University of the Incarnate Word USA and Letitia Harding University of the Incarnate Word USA There are many books on the market which discuss indigenous ways of knowing and bemoan western society's seeming lack of interest in anything other than scientific fact based knowledge Equally plentiful are the writings of critical theorists who consider today's public education system to be divisive and manipulated by those in power to ensure that their children have the educational advantages needed to maintain the elite hierarchical status quo Education for Tomorrow is unique in that it brings both of these approaches together first by examining the ways that indigenous people and women of all cultures acquire and pass on knowledge and the deleterious effects that enforced Eurocentric systems have had on that process The authors then turn to public schools to explore the influences both good and bad that today's programs have on the distribution of opportunities afforded to all children in the United States Finally they offer suggestions for a revolutionary education system which highlights the need for all students to have the encouragement and freedom to look critically and rationally at their lives and

at their relationship with the natural world This can be achieved by looking back to the pedagogical methods of our indigenous ancestors and forward to a time when all children regardless of ethnic or socio economic heritage are taught in such a way that every aspect of their lives is addressed nurtured valued and enhanced

Napier, 2016-01-28 This book focuses on the pervasive concern with narrativity and self construction that marks Defoe's first person fictional narratives Defoe's fictions focus obsessively and elaborately on the act of storytelling not only in his creation of idiosyncratic voices preoccupied with the telling and often the concealing of their own life stories but also in his narrators repeated aversion to other untold stories that compete for attention with their own Defoe's narratives raise profound questions about selfhood and agency as well as demonstrate competing attitudes about narration in his fictive worlds His canon exhibits a broad range of first person fictional accounts from pseudo memoir *A Journal of the Plague Year* *Memoirs of a Cavalier* to criminal autobiography *Moll Flanders* to confession *Roxana* and the narrators of these accounts secretive compulsive fractive exhibit an array of resistances to the telling of their life stories Such experiments with narration evince Defoe's deep involvement in projects of self description and delineation as he interrogates the boundaries of the self and dramatizes the arduousness of self accounting Defoe's fictions are emphatically consciousness centered and the significance of such a focus to the development of the novel is patently as great as is his realistic style Defoe's narrative project in fact challenges current views on the moment at which inwardness and interiority begin as Lukacs argued to comprise the subject matter of the novel implicitly attributing to identity and consciousness a place of signal and complex importance in the new genre

Laughing Fit to Kill Glenda Carpio, 2008-07 Reassessing the meanings of black humor and dark satire *Laughing Fit to Kill* illustrates how black comedians writers and artists have deftly deployed various modes of comedic conjuring the absurd the grotesque and the strategic expression of racial stereotypes to redress not only the past injustices of slavery and racism in America but also their legacy in the present Focusing on representations of slavery in the post civil rights era Carpio explores stereotypes in Richard Pryor's groundbreaking stand up act and the outrageous comedy of Chappelle's *Show* to demonstrate how deeply indebted they are to the sly social criticism embedded in the profoundly ironic nineteenth century fiction of William Wells Brown and Charles W Chesnutt Similarly she reveals how the iconoclastic literary works of Ishmael

Reed and Suzan Lori Parks use satire hyperbole and burlesque humor to represent a violent history and to take on issues of racial injustice With an abundance of illustrations Carpio also extends her discussion of radical black comedy to the visual arts as she reveals how the use of subversive appropriation by Kara Walker and Robert Colescott cleverly lampoons the iconography of slavery Ultimately Laughing Fit to Kill offers a unique look at the bold complex and just plain funny ways that African American artists have used laughter to critique slavery s dark legacy
