The Golden Triangle:

The Golden Triangle Ko-lin Chin,2011-02-23 The Golden Triangle region that joins Burma Thailand and Laos is one of the global centers of opiate and methamphetamine production Opportunistic Chinese businessmen and leaders of various armed groups are largely responsible for the manufacture of these drugs The region is defined by the apparently conflicting parallel strands of criminality and efforts at state building a tension embodied by a group of individuals who are simultaneously local political leaders drug entrepreneurs and members of heavily armed militias Ko lin Chin a Chinese American criminologist who was born and raised in Burma conducted five hundred face to face interviews with poppy growers drug dealers drug users armed group leaders law enforcement authorities and other key informants in Burma Thailand and China The Golden Triangle provides a lively portrait of a region in constant transition a place where political development is intimately linked to the vagaries of the global market in illicit drugs Chin explains the nature of opium growing heroin and methamphetamine production drug sales and drug use He also shows how government officials who live in these areas view themselves not as drug kingpins but as people who are carrying the responsibility for local economic development on their shoulders

Chasing the Dragon Christopher R. Cox,2014-05-13 Chasing the Dragon is the story of a Boston Herald reporter s journey into Burma Myanmar to interview the mysterious drug lord Khun Sa The features desk of an American newspaper may seem an unlikely launchpad for a journey into one of the world s most remote and dangerous regions but for journalist Christopher Cox it was where the story began It would end nearly three years later in the almost inaccessible mountain fastnesses of Shan State Burma as Cox brought off a journalistic coup even hard bitten foreign correspondents might envy a rare personal audience with General Khun Sa the man U S law enforcement dubbed The Prince of Death the man thought to control a third of the world s supply of heroin Accompanied by an obsessed Vietnam vet who had given up everything in his single minded search for American POWs left behind in Southeast Asia and an eccentric expat with close personal ties to the general Cox was going to cross forbidden borders to enter a region long off limits to Westerners And armed with little more than a backpack stuffed with vodka porno tapes and cigarettes he was going to succeed His journey would take him deep into the Golden Triangle a shadowy zone of banditry drug smuggling and the ghost armies of past wars He would begin in the red light district of Bangkok with its sex bars and soaring HIV rates then head up into northern borderlands newly discovered by package tour groups and finally cross a jungled no man s land into the world of the Shan where tough tribesmen trade opium and precious gemstones for the arms they need to fight the Burmese

The Golden Triangle Robert Lee Martin,2018-12-28 Welcome to the golden triangle a gateway of sorts to hidden worlds so much like our own with unique differences that are wholly theirs Some have termed it parallel worlds or a multiverse others have named it the island universe theory The golden triangle is a hidden doorway to all these and so much more Not found on any map and seemingly nomadic the triangle is almost sentient avoiding all eyes that

search for it as few have tried to locate it yet no one have been successful Until now The golden triangle has now opened again and chosen you as the witness Step forward and don t be alarmed The triangle wishes to show you something and now all you can do is be swept along the currents and bear witness to all you see **Merchants of Madness** Bertil

Lintner,Michael Black,2009-01-05 For decades Southeast Asia s Golden Triangle where the borders of Thailand Laos and Burma intersect has been infamous for its opium and heroin production But then in the 1990s the drug gangs in the Golden Triangle began to produce methamphetamine a synthetic drug that does not depend on any unreliable crop such as the opium poppy In Thailand the drug has become known as yaba madness drug or madness medicine Unlike heroin which is a downer yaba or speed is an upper that makes those who take it hyperactive and often aggressive It has led to murders stabbings and the kidnapping of innocent people It breaks down the users mentally as well as physically It is a real madness drug But who are the merchants of this madness This book provides the answer It is based on extensive research spanning several decades and including a collection of first hand accounts of the drug trade from law enforcement officers and intelligence officials alike as well as sources close to the drug traffickers themselves This book will lead to a better understanding of the Golden Triangle drug trade how it all began and how it has grown to become a multi billion dollar criminal enterprise

Traders of the Golden Triangle Andrew Forbes,David Henley,2013-02-03 During the latter half of the twentieth century the little known and often lawless region where Laos Burma Thailand and China meet has become known and widely romanticised as The Golden Triangle Originally a Western designation applied to the region because of its wealth in jade silver rubies lumber rare animal products and above all opium the name has stuck and is today accepted both in Chinese and in Thai By reputation by very definition the area is off the beaten track The home of drug warlords arms dealers insurgent armies latter day slave traders and plain old fashioned bandits it is also the home of an extraordinarily wide range of colourful ethnic minorities many still only partly known and understood and a veritable Tower of Babel linguistically 36 500 words 70 historical images 46 contemporary images 5 maps Bibliography

Recollections of the Golden Triangle Alain Robbe-Grillet,1994-01-18 A provocative novel by the most influential living French writer Recollections of the Golden Triangle is a tour de force a literary thriller constructed of wildly diverse elements fantasy and dream erotic invention and the stuff of popular fiction and movies taken to its farthest limits A secret door that is opened slightly by an electronic device a beautiful hanged factory girl a pale young aristocrat whose blood apparently nourishes his vampiric lover the evil Dr Morgan who conducts his experiments in tertiary dream behavior the beautiful and sinister women from the world of horror films and the investigating police who are not all what they seem to be are just some of the ingredients of this intriguing new novel by the French master of the intellectual thriller whose novels and films have effectively changed the way we can look at the real world today Recollections of the Golden Triangle challenges the reader to find his own meaning in its descriptions clues and contradictions and to play detective by assembling the pieces of the fictional puzzle The Golden Triangle
