The Closing of the Liberal Mind Kim R. Holmes, 2016-04-12 A former U S Assistant Secretary of State and currently a Distinguished Fellow at the Heritage Foundation Kim R Holmes surveys the state of liberalism in America today and finds that it is becoming its opposite illiberalism abandoning the precepts of open mindedness and respect for individual rights liberties and the rule of law upon which the country was founded and becoming instead an intolerant rigidly dogmatic ideology that abhors dissent and stifles free speech Tracing the new illiberalism historically to the radical Enlightenment a movement that rejected the classic liberal ideas of the moderate Enlightenment that were prominent in the American Founding Holmes argues that today's liberalism has forsaken its American roots incorporating instead the authoritarian anti clerical and anti capitalist prejudices of the radical and largely European Left The result is a closing of the American liberal mind Where once freedom of speech and expression were sacrosanct today liberalism employs speech codes trigger warnings boycotts and shaming rituals to stifle freedom of thought expression and action It is no longer appropriate to call it liberalism at all but illiberalism a set of ideas in politics government and popular culture that increasingly reflects authoritarian and even anti democratic values and which is devising new strategies of exclusiveness to eliminate certain ideas and people from the political process Although illiberalism has always been a temptation for American liberals lurking in the radical fringes of the Left it is today the dominant ideology of progressive liberal circles This makes it a new danger not only to the once venerable tradition of liberalism but to the American nation itself which needs a viable liberal tradition that pursues social and economic equality while respecting individual liberties

The Liberal Mind 1914-29 Michael Bentley, 2007-07-12 This study is an exercise in the history of political perception and opinion It broke new ground in considering the decline of Liberalism through the eyes of Liberals themselves By concentrating on what Liberal politicians said to one another and to their audience public and private a picture is built up of the frame of mind in which those responsible for guiding Liberalism faced a worsening world after 1914 The coming of the First World War was a critical element in forming that frame of mind and the frame of mind was itself critical in deciding the fate of Liberalism in the post war years What emerges from this study is the paradox that the Liberal

mind was the greatest single obstacle in the way of a Liberal revival **The Liberal Mind [by] Kenneth R. Minogue**
 Kenneth R. Minogue, The Liberal Mind Kenneth R. Minogue,2000 Kenneth Minogue offers a brilliant and provocative

 New World with a distinct purpose in mind They left behind a life dissatisfying to them and arrived with a vision of liberty
 and hope They held within themselves the seeds of a nation exceptional in all of history Their convictions paved the way for
 the colonists who would eventually give form and substance to a government based on the truth of the ages A unique nation a
 nation under God would arise and seize the God given right to live free offer opportunity and realize prosperity But contrary
 to the settlers and founders principles alien elements have arisen in recent years to challenge the American ideal and
 threaten the foundation of the republic Forces foreign to the Constitution are producing radical changes in our cultural and
 political life and one nation under God has become one nation under siege The Book and The Right examines those qualities
 that have made America exceptional but that are endangered at the present time and looks in detail at the causes that are
 putting her at serious risk It appraises her current direction and stresses the steps she must take to return to the course of
 her originally chosen destiny The Book and The Right addresses a subject long held taboo and goes to the heart of the issue
