The O'Neill:

The O'Neill Jeffrey Sweet, 2014-07-01 At the O'Neill we were all engaged with full hearted passion in sometimes the silliest of exercises and all in service of finding that wiggly elusive creature a new play Meryl Streep I would not be who or where I am today without the O'Neill Michael Douglas As the old ways of the commercial theater were dying and American playwriting was in crisis the Eugene O'Neill Theater Center arose as a midwife to new plays and musicals introducing some of the most exciting talents of our time including August Wilson Wendy Wasserstein and Christopher Durang and developing works that went on to win Pulitzer Prizes and Tony Awards Along the way it collaborated with then unknown performers like Meryl Streep Michael Douglas Courtney Vance and Angela Bassett and inspired Robert Redford in his creation of the Sundance Institute This is the story of a theatrical laboratory a place that transformed American theater film and television

The O'Neill Eugene O'Neill Theater Center, 1984 *The Cambridge Companion to Eugene O'Neill* Michael Manheim, Cambridge University Press, 1998-09-24 This is a volume of specially commissioned essays containing studies of Eugene O'Neill's life his intellectual and creative forebears and his relation to the theatrical world of his creative period 1916-42 Also included are descriptions of the O'Neill canon and its production history on stage and screen and a series of essays on special topics related to the playwright such as his treatment of women in the plays his portrayals of Irish and African Americans and his attempts to deal in dramatic terms with his parental family culminating in his greatest play *Long Day's Journey Into Night* One of the essays speaks for those who are critical of O'Neill's work and the volume concludes with an essay on O'Neill criticism containing a select bibliography of full length studies of the playwright's work Johnson v.
